Russian Stand On Palestine Is Awaited By UN
U. S. "Reversal" Seen By Arab Spokesman

LAKE SUCCESS, Oct. 12 (AP)—Dr. Charles Malik, Lebanese delegate to the United Nations, predicted today that the United States would reverse its decision to support in principle the partition plan for Palestine as soon as Americans in general come to understand the real problem in the Holy Land.

Malik, a leading Arab spokesman, added that he hopes "this minute will not be far off." He attributed the United States stand "more to its goodheartedness and ignorance than anything else" and described the American decision to support the idea of dividing Palestine into two countries as "a hasty error."

Russian Stand Awaited
The Lebanese delegate, expressing his views in a radio broadcast, admitted that the Arab world might be at fault for not impressing its case for Palestine sufficiently in the American mind and added "we must know the facts, the more it will dawn upon it that perhaps a hasty error was made. I predict that then it will end by reversing its present policy."

Meanwhile, the long-awaited Russian stand on Palestine was expected to be presented to the United Nations tomorrow in what promised to be the start of another full week of debate on the future of the Holy Land.

Semen K. Tsarapkin, chief Soviet spokesman before the General Assembly's special Palestine Committee, was listed as one of the first speakers to be heard when the committee reconvenes at 3 p. m. (EST).

May Urge Bi-National State
Russia's stand in this controversial issue, as eagerly awaited as was that of the United States, was expected to be in support of a bi-national state. Although Soviet delegates have lately been as secretive about their views on Palestine as were the delegations of all the big powers, it was recalled that Andrei A. Gromyko indicated last spring that his government favored the idea of a single government in Palestine wherein both Arabs and Jews would have equal representation.

Russia, along with many other nations, chose to wait for the United States to take a stand in the debate before requesting permission to speak. Now that the American position supporting in principle the partition plan has been stated, the Soviet representative has submitted his name, as have Britain, Yugoslavia, South Africa, Afghanistan, Haiti and 19 other countries.

Bomb Tossed At Polish Consulate In Jerusalem

JERUSALEM, Oct. 12 (AP)—A bomb was tossed at the Polish consulate here tonight, police said, blowing in the steel front door of the building but causing no casualties. Some damage occurred to the hallway.

It was the second attack on a foreign consulate in the city within weeks. The Swedish consulate was the target for a similar attack and consular officials said it was probably timed as a protest against the recommendations of the United Nations Special Committee Emil Sandstrom, of Sweden.

South Carolina Governor To Be Married On Nov. 7

ELKO, S. C., Oct. 12 (AP)—Mr. and Mrs. Horace J. Crouch, Elko, tonight announced the engagement of their daughter, Jean, to Gov. James Strom Thurmond, of South Carolina.

Their announcement said the wedding would take place at the executive mansion in Columbia, November 7. The ceremony will be private with only the immediate families of the couple present.

Unidentified Flaming Object Soars Over Texas-Mexico Border, Explodes

EL PASO, Tex., Oct. 12 (AP)—An unidentified flaming object soared over the Texas-Mexico border today, apparently smashing into the mountains of Mexico with a loud explosion and billows of smoke.

The approximate impact area was estimated to be less than 10 miles from the point where a V-2 rocket, off its track, crashed south of Juarez May 29.

The public relations officer at the White Sands Proving Grounds, where the V-2 rockets have been launched, said none of the missiles had been fired since October 9.

Maj. Gen. John L. Homer, Fort Bliss commander and military officials at air fields and other installations in the Southwest, said that no guided missiles had been fired today and no rocket planes were missing from fields in the area.

At least four persons saw the fiery object darting through the skies "with the speed of a falling star" at approximately 9:30 a. m. Mexican

Floods Follow In Wake Of Florida Hurricane

Union Threatens Damage Suits If U. S. Distilleries Shut Down To Save Grain

YOUNG CULTIST—Pay Nolan, 12, who recovered recently from a snake bite on the hand without medical attention, after gangrene reportedly had set in, allowed the snake that bit her to crawl over her arm during a public demonstration by the Holiness Faith Healers near Harlan, Ky., yesterday. Over 3,000 "unbelievers" massed on the outside of a 30 by 30 foot roped arena.

French Economic Crisis May Come Too Soon For U. S.

WASHINGTON, Oct. 12 (AP)—A French economic crisis now seems certain, in the opinion of American diplomatic officials, to catch the United States in the position of doing too little too late.

The break may come this week. Officials continued over the weekend their efforts to find some way of providing the French with enough emergency dollars to avoid a threatened stoppage of all French dollar purchases of wheat, fats and coal virtually on the eve of French municipal elections.

Informants, who withheld use of their names, told a reporter the outlook for doing this was bleak and the best which could be hoped for might be an arrangement to keep a minimum quantity of supplies moving into French import channels.

There was some hope, for example, that certain unused reconstruction credits held for France by the Export-Import Bank might be diverted to the immediate industrial purpose of supplying coal to the French.

France has told the State Department that it will run out of dollars for badly-needed wheat, coal and fats purchases about October 15, three or four days before the elections set for next Sunday. A wave of strikes has struck the nation.

The whole situation is understood to have been brought to the attention of President Truman, together with an estimate of its possible political effects.

Help Reaches U. S. Ship Damaged By Typhoon

TOKYO, Monday, Oct. 13 (AP)—Navy headquarters reported today the Norwegian freighter Vilja had reached the storm-tossed ship Louis Sloss northwest of Iwo Jima and radioed the vessel still was seaworthy and would not need to be abandoned. The Vilja gave no further details.

The Louis Sloss, an American Liberty ship, had reported earlier she was twisted and possibly cracked open by huge seas and 75-mile winds in the wake of the Iwo Jima typhoon.

J. W. Hooten, editor of the El Paso Times, said Bunnell telephoned Sheriff Alan Paiby here that the Mayor and other officials of Guadalupe, Mexico, across the border from Fabens, had informed him that they saw the object, about five feet long and three feet in diameter, come over the town traveling about 30 meters above the ground and explode with a terrific noise and that smoke was still thick in the impact vicinity three hours later.

Accepts NBC Post

NEW YORK, Oct. 12 (AP)—Charles R. Denny, former chairman of the Federal Communications Commission, has accepted the position of vice-president and general counsel of the National Broadcasting Company, Niles Trammell, president of NBC, said today.

Program Supported By Religious Groups

WASHINGTON, Oct. 12 (AP)—President Truman's food committee call for a 60-day shutdown of distilleries to save grain for Europe collided tonight with a distillery union threat to sue the plant owners for damages if they close.

The announcement came from Joseph O'Neill, president of the AFL distillery union at San Francisco, who telegraphed President Truman and other officials protesting the plan.

O'Neill said the savings of grain would be insignificant and that thousands of Americans would be thrown out of work. The union also said its strategy includes plans to fight any shutdown with court proceedings and would demand "stand-by pay."

The union acted on the eve of a meeting here of distillers and the Citizens Food Committee headed by Charles Luckman.

There was no immediate reaction from Luckman's group nor distillery representatives.

Religious Groups Back Program
The general food-grain program drew fresh support today from religious groups.

On Capitol Hill, Sen. Revercomb (R-W.Va.) held up a warning finger. He said the government's grain buying has forced prices up and that grain shipments to Europe "definitely should be reduced" lest the big export program push prices still higher in the United States.

Revercomb did not mention the conservation drive. He said he had no specific cut in mind. He blamed "big profits" too for high prices.

"The government must stop bidding against the American consumer," the Senator counseled. "Of course, we want to aid Europe, but our grain purchase program must be geared to the needs of the people of this country so that there will be no waste right here in the United States."

Three religious groups—Protestant, Roman Catholic and Jewish—hailed the conservation drive and promised to back it. They are:

1. The B'nai B'rith women, estimated in a statement to number 100,000, whose president, Mrs. Abraham Orlov, Philadelphia, said that all chapters are being directed to offer local conservation committees "their total support."

2. The Presbyterian Church in the U.S.A., whose pastors and other officials will be asked to enlist aid of the members. Dr. William Borrow Pugh, stated clerk of the General Assembly, said at Philadelphia that it is "as much a religious duty as a political and economic measure."

3. Catholic officials who said their people would co-operate.

Europe's need is "really appalling," said the Most Rev. John T. McNichols, Archbishop of Cincinnati and chairman of the administrative board of the National Catholic Welfare Conference, and "preparations begin now if relief is to be effective x x x."

"Our people will respond wholeheartedly, I am confident, to the noble appeal of our president x x x."

Drive On Rats Is Planned To Help Food Campaign

FLINT, Mich., Oct. 12 (AP)—The Army and Navy Union will launch a nationwide rat-catch drive, complete with cash prizes, as its contribution to President Truman's food conservation program.

The first person in America to bag 100 of the vermin will be given \$100 by the veterans' organization.

To keep the count straight, the rats must be taken to a local county clerk's office, where a receipt will be made out stating the date and time of day of each kill.

Henri De Rothschild, 75, Financier-Playwright, Dies

LAUSANNE, Switzerland, Oct. 12 (AP)—Baron Henri De Rothschild, 75, retired French-born doctor, capitalist and playwright, died today. Death came at his estate, Castel Beau Cidri, in Jouxetens, near Lausanne. Rothschild, a widower, had suffered from a heart ailment for about 10 years. The body will be taken to his native Paris tomorrow.

Rothschild spent most of the war years in Portugal, returning to Switzerland about two years ago. He was a member of the noted French banking family, cousins to the English Rothschilds.

(The Vichy government of France on September 6, 1940, deprived Baron De Rothschild of French citizenship on the grounds he had left the country without government permission. Subsequently the government seized his art collections, his 1,800-acre estate in the Paris vicinity and other properties.)

The Baron visited the United

Army And Navy Planes Track Freak Storm

Many Evacuated; Wind Damage Minor

MIAMI, Fla., Oct. 12 (AP)—A small, freakish hurricane left Southeast Florida under the highest flood-water in 30 years before its center swirled into the Atlantic today, chased by Army and Navy aerial hurricane trackers.

Damage from 71-mile winds was minor but hundreds of homes were isolated around Miami and Fort Lauderdale by record-breaking downpours. Nathan Mayo, state agricultural commissioner, said "the greatest agriculture disaster in more than a generation" had resulted from the torments dumped on the rich Everglades farming district around Lake Okechobee, already swollen by two previous storms and almost daily rains.

Two American Red Cross ambulance volunteers were killed today when the mercy vehicle with which they planned to evacuate flood victims rammed a utility pole.

Marine Corps Veterans

Both men were Marine Corps veterans here to attend a convention. They were tentatively identified by the Red Cross as Thomas Fedele, 18, Chicago, and James Warnock, Troy, N. Y.

Mass evacuations were carried out in the Hialeah and Miami Springs sections of the Miami area as some 5.01 inches poured upon the area during the storm at a rate as high as 1.34 inches in 10 minutes. Most of it fell within a few hours.

Fort Lauderdale, 23 miles north of Miami, had three feet of water in parts of its business district and losses due to flood was reported high. Davis, a smaller community to the west of Fort Lauderdale, was flooded to rooftops in some instances and five feet or more in some sections.

The storm center was at sea some 50 miles to the north of Palm Beach and moving northeastward. Its threat to the Atlantic coast was reported to have ended.

Comdr. D. F. Rex, of the Navy Department, spokesman for the project "Cirrus," said if the storm was found to be "suitable," they would go through with the test. "The result of this will lead us to further accomplishments in efforts to break up a hurricane."

10 Planes Tracking Storm

Scientists were to watch the test with intense interest since none could foretell what might happen to the hurricane when the pellets are seeded into the storm's clouds.

An Air Corps official said the Army and Navy had 10 planes tracking the storm to study the effects of the icing, but he added: "There aren't enough planes and pilots in the United States to reduce a hurricane's potential by five per cent by dropping dry ice."

Two B-17 planes left Mobile, Ala., for MacDill Field, Fla., to join a B-29 which was loaded with the dry ice pellets.

Altogether 31 men were to participate in the field study, Comdr. Rex said.

An Army official in Washington said there was no military secrecy attached to the experiment. He said it would be a long time before enough knowledge could be gathered to make even a slight reduction in a hurricane.

Proprietor Of Liquor Store Killed By Bandit

BALTIMORE, Oct. 12 (AP)—A liquor store proprietor who tried to shoot it out with two bandits was shot and killed by one of the robbers and both escaped with an undetermined amount of cash, police reported today.

Joseph Krostard, 52, was shot through the chest as his wife looked on at about 7:25 p. m. yesterday.

TORNADO WRECKAGE—A tornado within the small, freakish hurricane that struck Miami, Fla., Saturday night, spread wreckage up against this cottage. Damage from winds was minor but hundreds of homes were isolated by record-breaking downpours.

U.S., Despite USSR Offer, To Push For Free Korea In U.N.

Molotov Proposal Facing Rejection

LAKE SUCCESS, Oct. 12 (AP)—Secretary of State Marshall will tell Soviet Foreign Minister Molotov that the United States has placed the Korean question before the United Nations Assembly and will make suggestions on troop withdrawals there, an American delegation spokesman said today.

This in effect would be a rejection of Molotov's proposal that the United States and Russia agree jointly on simultaneous withdrawal of American and Soviet forces.

The spokesman said Marshall would follow this time in answer to a note from Moscow complaining that the United States had not replied to a Soviet proposal for withdrawal of foreign troops from Korea at the start of next year and thus was hindering a solution.

Molotov's note, dated October 9 and broadcast by the Moscow radio, was received at the State Department late yesterday. Marshall, who is spending the weekend on Long Island near United Nations headquarters, has not yet seen the text, the spokesman added. Presumably the wording of the reply will be drafted after Marshall has examined closely the Soviet note.

It was understood that Marshall would advise the Kremlin that the question was now in the hands of the United Nations and that specific American proposals would be made to the Assembly, probably late this week.

The American proposal was reported to include a section providing that the date for actual withdrawal of occupation forces should be by agreement among Korea, Russia and the United States, with United Nations concurrence. While still subject to final phrasing, the plan also was understood to cover these points:

1. Election of a Korean national assembly with a United Nations commission on the scene as observers to insure democratic balloting in both Soviet and American zones.

2. Selection by the national assembly of a provisional national government, which could call on the commission for aid and support.

Five Drown When Ship Strikes Rock And Sinks

POWELL RIVER, B. C., Oct. 12 (INS)—Three women and two children were drowned today and 37 passengers and crew members were rescued when the motor ship Gulf Stream struck a rock and sank in Georgia Strait.

Eleven survivors of the ill-fated ship were taken to Powell River Hospital.

Some of the victims were picked up by lifeboats, others by the crew of a fishing schooner, the Bett "B," while still others climbed over the reef to board rescue vessels directly.

Three of the 12-men crew were among those taken to the hospital for treatment.

\$250,000 Explosion

BUFFALO, N. Y., Oct. 12 (AP)—A gasoline refinery explosion and fire in production and sales installations of the Standard Oil Company today caused damages estimated at \$250,000, injured one employee and brought Buffalo its first four-alarm blaze in more than a decade.

Girl Tumbles 90 Feet But Escapes With Broken Arm

LURAY, Va., Oct. 12 (AP)—Plucky, 21-year-old Mary Murphy, Washington, was alive tonight after tumbling 90 feet from the top of Crescent Rock in the Shenandoah National Park and then directing a team of forest rangers to her rescue.

Chief Forest Ranger Robert Gibbs said the young girl was sitting on top of the high ledge with two of her sisters when she "leaned over and disappeared."

Her body caught on a ledge 90 feet below.

Miraculously, she escaped with a broken arm.

New York Plans 1948 Exposition

NEW YORK, Oct. 12 (AP)—A miniature world's fair to commemorate the golden jubilee of the incorporation of the five boroughs into Greater New York City, is planned for 1948, it was announced today.

The seven-month celebration will begin in April and preliminary plans call for displays marking progress in science, education, industry and other fields during the 50 years since the incorporation.

There will be an international art exposition, fashion show, municipal mobilization demonstrations by firemen, police and other municipal groups, and various additional exhibits designed to call attention to the theme of the jubilee—the city's "achievements of yesterday, leadership of today and opportunities of tomorrow."

Lights that give off a golden glow will be installed on main highways in each of the five boroughs.

Exhibits will occupy 84,000 square feet of space in Grand Central Palace in the heart of Manhattan. An overhead ramp will connect the palace with a moving sidewalk above the center of Park Avenue.

The moving sidewalk will carry visitors up the avenue from 46th Street to 52nd Street past outdoor displays. From 52nd Street to 57th there will be an elevated exposition hall for more indoor exhibits. Both the hall and moving sidewalk will be high enough in the air to permit regular traffic on the avenue.

Sir Ian Hamilton Dies

LONDON, Oct. 12 (AP)—Gen. Sir Ian Hamilton, 94, inspector general of overseas forces in the First World War and commander of Britain's 1915 Dardanelles Expeditionary Force, died at his home here today.

CIO Calls For Labor-Management Teamwork To Increase Production

BOSTON, Oct. 12 (AP)—The CIO said today America and the world need "production, production, production" and proposed a new system of labor-management teamwork to bring it about.

President Philip Murray made the proposal in his annual report to the CIO prepared to open its ninth convention here Monday.

Murray said a joint effort for teamwork "can greatly strengthen the forces of democracy throughout the world."

In that connection, United States foreign policy took on new interest for the CIO convention today when Secretary of State George Marshall accepted an invitation to address the delegates.

He will speak Wednesday afternoon.

Meantime two more CIO unions announced they would file non-communist affidavits in order to qualify to start cases before the National Labor Relations Board.

Realtors' Group Calls For Lifting Of Rent Controls

Nationwide Slum Survey Launched

WASHINGTON, Oct. 12 (AP)—A wiping out of rent controls next spring "is the next imperative step to lick completely the housing shortage," a subgroup of the National Association of Real Estate Boards, said today.

In another housing development, Sen. Wagner (D-N.Y.) disclosed that a nationwide survey of city slums—with a view of replacing them with tidy homes—was underway.

Alexander Summer, Teaneck, N. J., chairman of "the Realtors' Washington Committee" will recommend to the national association that efforts be continued as necessary to see to it that rent controls end February 29 as provided in the present, modified rent control law.

Summer issued a statement in Washington. He indicated that the real estate people made their decision primarily because of recent statements "of a few congressmen that Congress may consider extending control beyond that date."

Sen. McCarthy (R-Wis.) said yesterday that "I would have no objection to extending rent controls beyond February if Housing Expediter Frank Creedon continues to be guided by local rent advisory boards."

McCarthy praised Creedon's action in approving a local board's recommendation for a five per cent blanket rent increase in the Louisville, Ky., area. Various tenant groups and labor union leaders have protested it, saying they fear a national pattern of rent boosts.

The American Labor Party said in a statement distributed here that it would challenge in the courts any recommendations for rent increases by New York boards. It said it would proceed on the grounds that these boards, appointed by Gov. Thomas E. Dewey, are not made up of "representative citizens" as required by law.

Sir Ian Hamilton Dies

LONDON, Oct. 12 (AP)—Gen. Sir Ian Hamilton, 94, inspector general of overseas forces in the First World War and commander of Britain's 1915 Dardanelles Expeditionary Force, died at his home here today.

CIO Calls For Labor-Management Teamwork To Increase Production

BOSTON, Oct. 12 (AP)—The CIO said today America and the world need "production, production, production" and proposed a new system of labor-management teamwork to bring it about.

President Philip Murray made the proposal in his annual report to the CIO prepared to open its ninth convention here Monday.

He will speak Wednesday afternoon.

Meantime two more CIO unions announced they would file non-communist affidavits in order to qualify to start cases before the National Labor Relations Board.

Have Armored Cars; Hagana Units Alerted

Lebanese Troops Reported On Move

JERUSALEM, Oct. 12 (AP)—Jewish informants in Haifa reported tonight that Syrian troops equipped with some armored cars and other heavy weapons had arrived and encamped near the Palestine frontier in an area adjacent to 15 Jewish agricultural settlements.

The sources quoted Jewish settlers in the area as saying some of the troops were concentrated near the Syrian villages of Kuneitra and Banias just north of the finger of Palestine which juts into Syria and Lebanon.

Arab troops patrolling the Palestine side of the frontier and units of Hagana, self-styled Jewish defense army, have been alerted, the informants added.

Mrs. Golda Myerson, a former resident of Milwaukee, Wis., now with the Jewish Agency Political Department, said she had telephoned all the Jewish settlements in the area and had been informed that there were no reports of incidents or clashes.

Jewish Settlements Alerted

The informants said some of the Syrian patrols had passed "quite close" to the Palestine border. The Jewish settlements were reported to have been alerted, and observers were said to have been posted to keep a close watch on the Syrians.

Last Thursday the Arab League Council in a meeting at Beirut, Lebanon, voted to cordon off what it called "terrorist organizations and Zionist forces" in Palestine by moving troops from the Arab countries in the league up to the boundaries of the Holy Land.

(A Beirut dispatch quoted a civil attack of the Lebanese War Ministry as saying that two companies of Lebanese troops were moved near the Syrian-Palestine frontier Thursday for maneuvers. The attaché, who visited the area, said the Lebanese soldiers were stationed in the mountains about 15 miles from the actual border.)

(A Cairo dispatch told of Arab troop movements from the south. This account quoted a spokesman of the Moslem Brotherhood Association as saying the vanguard of a brotherhood army of 10,000 men had reached Raifa, a Mediterranean port on the Egyptian-Palestine border. This information said the group was part of what he called a "save Palestine army" trained by Egyptian officers who fought in the First World War.)

The Jewish informants said the Jewish settlers in Northeastern Palestine near the Syrian military concentrations were concerned because non-British units were patrolling their side of the border.

British Troops Move Back

Recently British military authorities withdrew British troops in the area back of Afula and Tiberias and now is patrolled by a combined group of the Trans-Jordan frontier force and the Arab Legion. The Trans-Jordan frontier force is an Arab unit set up under Palestine law and composed of Arabs from Palestine and Trans-Jordan. The Arab Legion, the army of King Abdullah, of Trans-Jordan, is officered by the British. Those units of the Legion now in Palestine are on loan to the British army.

There was no estimate of the number of Syrian troops reportedly involved. Commenting on the Jewish reports, a British military source said: "It is possible, but we have nothing officially."

Argentina, Chile Plan Joint Anti-Red Drive

BUENOS AIRES, Oct. 12 (INS)—Official sources announced tonight that Argentina and Chile will sign an agreement for a joint anti-Communist campaign within the next few days.

Diplomatic circles in Buenos Aires said it will be the nucleus of a broad inter-American drive against Communist efforts to weaken the nations and destroy hemisphere security.

Weather Report

On Capitol Hill, Sen. Revercomb (R-W.Va.) held up a warning finger. He said the government's grain buying has forced prices up and that grain shipments to Europe "definitely should be reduced" lest the big export program push prices still higher in the United States.

Revercomb did not mention the conservation drive. He said he had no specific cut in mind. He blamed "big profits" too for high prices.

"The government must stop bidding against the American consumer," The Senator counseled. "Of course, we want to aid Europe, but our grain purchase program must be geared to the needs of the people of this country so that there will be no want right here in the United States."

Three religious groups—Protestant, Catholic and Jewish—hailed the conservation drive and promised to back it. They are:

1. The B'nai B'rith women, estimated in a statement to number 100,000, whose president, Mrs. Abraham Orlov, Philadelphia, said that all chapters are being directed to conserve food.

2. The Presbyterian Church in the U.S.A., whose pastors and other officials will be asked to enlist aid of the members. Dr. William Borroughs, pastor of the Central Presbyterian Church in Philadelphia, said it is "a religious duty as a political and economic measure."

3. Catholic officials who said their people would co-operate.

Europe's need is "really appalling," said the Most Rev. John T. McNichols, Archbishop of Cincinnati and chairman of the administrative board of the National Catholic Welfare Conference, and "preparation must begin now if relief is to be effective x x x."

"Our people will respond wholeheartedly, I am confident, to the noble appeal of our president x x x."

Drive On Rats Is Planned To Help Food Campaign

FLINT, Mich., Oct. 12 (AP)—The Army and Navy union will launch a nationwide rat-catching drive, complete with cash prizes, as its contribution to President Truman's food conservation program.

The first person in America to bag 100 of the vermin will be given \$100 by the veterans' organization.

To keep the count straight, the rats must be taken to a local county clerk's office, where a receipt will be made out stating the date and time of day of each kill.

Help Reaches U. S. Ship Damaged By Typhoon

TOKYO, Monday, Oct. 13 (AP)—Navy headquarters reported today the Norwegian freighter Vilja had reached the storm-tossed ship Louis Sloss northwest of Iwo Jima and radioed the vessel still was seaworthy and would not need to be abandoned. The Vilja gave no further details.

The Louis Sloss, an American Liberty ship, had reported earlier she was twisted and possibly cracked open by huge seas and 75-mile winds in the wake of the Iwo Jima typhoon.

J. W. Hooten, editor of the El Paso Times, said Bunnell telephoned Sheriff Alan Falby here that the Mayor and other officials of Ciudad Juarez, Mexico, across the border from Fabens, had informed him that they saw the object, about five feet long and three feet in diameter, come over the town traveling about 30 meters above the ground and explode with a terrific noise and that smoke was still thick in the impact vicinity three hours later.

Accepts NBC Post

NEW YORK, Oct. 12 (AP)—Charles R. Denny, former chairman of the Federal Communications Commission, has accepted the position of vice-president and general counsel of the National Broadcasting Company, Niles Trammell, president of NBC, said today.

Army And Navy Planes Track Freak Storm

Many Evacuated; Wind Damage Minor

MIAMI, Fla., Oct. 12 (AP)—A small, freakish hurricane left South-east Florida under the highest flood-water in 30 years before its center swirled out into the Atlantic today, chased by Army and Navy aerial hurricane trackers.

Damage from 71-mile winds was minor but hundreds of homes were isolated around Miami and Fort Lauderdale by record-breaking downpours. Nathan Mayo, state agricultural commissioner, said "the greatest agriculture disaster in more than a generation" had resulted from the torrents dumped on the rich Everglades farming district around Lake Okechobee, already swollen by two previous storms and almost daily rains.

Two American Red Cross ambulance volunteers were killed today when the mercy vehicle with which they planned to evacuate flood victims rammied a utility pole.

Marine Corps Veterans

Both men were Marine Corps veterans here to attend a convention. They were tentatively identified by the Red Cross as Thomas Fedeck, 18, Chicago, and James Warnock, Troy, N. Y.

Mass evacuations were carried out in the Hialeah and Miami Springs sections of the Miami area as some 5.01 inches poured over the area during the storm at a rate as high as 1.34 inches in 10 minutes. Most of it fell within a few hours.

Fort Lauderdale, 23 miles north of Miami, had three feet of water in parts of its business district and losses due to flood was reported high. Davis, a smaller community to the west of Fort Lauderdale, was flooded to rooftops in some instances and five feet or more in some sections.

The storm center was at sea some 50 miles to the northeast of Palm Beach and moving northeastward. Its threat to the Atlantic coast was reported to have ended.

Comdr. D. F. Rex, of the Navy Department, spokesman for the project, "Cirrus," said if the storm was found to be "suitable," they would go through with the test. "The result of this will lead us to further accomplishments in efforts to break up a hurricane."

10 Planes Tracking Storm

Scientists were to watch the test with intense interest since none could foretell what might happen to the hurricane when the pellets are seeded into the storm's clouds.

Two B-17 planes left Mobile, Ala., for MacDill Field, Fla., to join B-29 which was loaded with the dry ice particles.

Altogether 31 men were to participate in the field study, Comdr. Rex said.

An Army official in Washington said there was no military secrecy attached to the experiment. He said it would be a long time before enough knowledge could be gathered to make even a slight reduction in a hurricane.

Proprietor Of Liquor Store Killed By Bandit

BALTIMORE, Oct. 12 (AP)—A liquor store proprietor who was shot and killed by one of the robbers and both escaped with an undetermined amount of cash, police reported today.

Joseph Krostas, 52, was shot through the chest as his wife looked on at about 7:25 p. m. yesterday.

Henri De Rothschild, 75, Financier-Playwright, Dies

LAUSANNE, Switzerland, Oct. 12 (AP)—Baron Henri De Rothschild, 75, retired French-born doctor, capitalist and playwright, died today.

Death came at his estate, Castel Beau Cidri, in Jouxetens, near Lausanne. Rothschild, a widower, had suffered from a heart ailment for about 10 years. The body will be taken to his native Paris tomorrow.

Rothschild spent most of the war years in Portugal, returning to Switzerland about two years ago. He was a member of the noted French banking family, cousins to the English Rothschilds.

The Vichy government of France on September 6, 1940, deprived Baron De Rothschild of French citizenship on the grounds he had left the country without government permission. Subsequently the government seized his art collections, his 1,800-acre estate in the Paris vicinity and other properties.

The Baron visited the United States in 1890, 1926, 1930 and 1935. He was born in Paris July 26, 1872, son of the late Baron James De Rothschild, financier, philanthropist and man of letters. He was educated in medicine here.

He once was managing director of the Northern Railways of France, now in government hands.

Besides the radium institute, he founded the Rothschild Hospital of Paris and organized distribution of fresh milk and wine to Paris workers.

On the Rothschild agricultural estate in Vaux de Carnay, he pioneered in the use of American milking machines and bred sheep.

He was the author and producer of at least three European stage successes—"Le Caducée," "La Rampe" and "Heritage"—and also published works on child health, milk production, burns and the throat glands. He built his model Paris theater.

TORNADO WRECKAGE—A tornado within the small, freakish hurricane that struck Miami, Fla., Saturday night, spread wreckage up against this cottage. Damage from winds was minor but hundreds of homes were isolated by record-breaking downpours.

U.S., Despite USSR Offer, To Push For Free Korea In U.N.

Molotov Proposal Facing Rejection

LAKE SUCCESS, Oct. 12 (AP)—Secretary of State Marshall will tell Soviet Foreign Minister Molotov that the United States has placed the Korean question before the United Nations Assembly and will make suggestions on troop withdrawal to a Soviet proposal for withdrawal of foreign troops from Korea at the start of next year and thus was hindering a solution.

The spokesman said Marshall would follow this time in answer to a note from Moscow complaining that the United States had not replied to a Soviet proposal for withdrawal of foreign troops from Korea at the start of next year and thus was hindering a solution.

Molotov's note, dated October 9 and broadcast by the Moscow radio, was received at the State Department late yesterday. Marshall, who is spending the weekend on Long Island near United Nations headquarters, has not yet seen the text, the spokesman added. Presumably the wording of the reply will be drafted after Marshall has examined closely the Soviet note.

It was understood that Marshall would advise the Kremlin that the question was now in the hands of the United Nations and that specific American proposals would be made to the Assembly, probably late this week.

The American proposal was reported to include a section providing that the date for actual withdrawal of occupation forces should be by agreement among Korea, Russia and the United States, with United Nations concurrence. While still subject to final phrasing, the plan also was understood to cover these points:

1. Election of a Korean national assembly with a United Nations commission on the scene as observers to insure democratic balloting in both Soviet and American zones.

2. Selection by the national assembly of a provisional national government, which could call on the commission for aid and support.

Girl Tumbles 90 Feet But Escapes With Broken Arm

LURAY, Va., Oct. 12 (AP)—Plucky, 21-year-old Mary Murphy, Washington, was alive to night after tumbling 90 feet from the top of Crescent Rock in the Shenandoah National Park and then directing a team of forest rangers to her rescue.

Chief Forest Ranger Robert Gibbs said the young girl was sitting on top of the high ledge with two of her sisters when she "leaned over and disappeared."

Her body caught on a ledge 90 feet below.

Miraculously, she escaped with a broken arm.

New York Plans 1948 Exposition

NEW YORK, Oct. 12 (AP)—A miniature world's fair to commemorate the golden jubilee of the incorporation of the five boroughs into Greater New York City, is planned for 1948, it was announced today.

The seven-month celebration will begin in April and preliminary plans call for displays marking progress in science, education, industry and other fields during the 50 years since the incorporation.

There will be an international air exposition, fashion show, municipal mobilization demonstrations by firemen, police and other municipal groups, and various additional events designed to call attention to the theme of the jubilee—the city's "achievements of yesterday, leadership of today and opportunities of tomorrow."

Lights that give off a golden glow will be installed on main highways in each of the five boroughs.

Exhibits will occupy 84,000 square feet of space in Grand Central Palace in the heart of Manhattan. An overhead ramp will connect the palace with a moving sidewalk above the center of Park Avenue.

The moving sidewalk will carry visitors up the avenue from 46th Street to 52nd Street past outdoor displays. From 52nd Street to 57th there will be an elevated exposition hall for more indoor exhibits. Both the hall and moving sidewalk will be high enough in the air to permit regular traffic on the avenue.

Five Drown When Ship Strikes Rock And Sinks

POWELL RIVER, B. C., Oct. 12 (INS)—Three women and two children were drowned today and 37 passengers and crew members were rescued when the motor ship Gulf Stream struck a rock and sank in Georgia Strait.

Eleven survivors of the ill-fated ship were taken to Powell River Hospital.

Some of the victims were picked up by lifeboats, others by the crew of a fishing schooner, the Bett "B," while still others climbed over the reef to board rescue vessels directly.

Three of the 12-men crew were among those taken to the hospital for treatment.

\$250,000 Explosion

HUFFALO, N. Y., Oct. 12 (AP)—A gasoline refinery explosion and fire in production and sales installations of the Standard Oil Company today caused damages estimated at \$250,000, injured one employee and brought Buffalo its first four-alarm blaze in more than a decade.

Realtors' Group Calls For Lifting Of Rent Controls

Nationwide Slum Survey Launched

WASHINGTON, Oct. 12 (AP)—A wiping out of rent controls next spring "is the next imperative step to lick completely the housing shortage," a subgroup of the National Association of Real Estate Boards, said today.

In another housing development, Sen. Wagner (D-N.Y.) disclosed that a nationwide survey of city slums—with a view of replacing them with tidy homes—B underway.

Alexander Sumner, Tennessee, J., chairman of the Realtors' Washington Committee, will recommend to the national association that efforts be continued as necessary to see to it that rent controls end February 29 as provided in the present, modified rent control law.

Sumner issued a statement in Washington. He indicated that the real estate people made their decision primarily because of recent statements "of a few congressmen that Congress may consider extending control beyond that date."

McCarthy (R-Wis.) said yesterday that "I would have no objection to extending rent controls" beyond February if Housing Expediter Frank Creedon continues to be guided by local rent advisory boards.

McCarthy praised Creedon's action in approving a local board's recommendation for a five per cent blanket rent increase in the Louisville, Ky., area. Various tenant groups and labor union leaders have protested it, saying they fear a national pattern of rent boosts.

The American Labor Party said in a statement distributed here that it would challenge in the courts any recommendations for rent increases by New York boards. It said it would proceed on the grounds that these boards, appointed by Gov. Thomas E. Dewey, are not made up of "representative citizens" as required by law.

Sir Ian Hamilton Dies

LONDON, Oct. 12 (AP)—Gen. Sir Ian Hamilton, 94, inspector general of overseas forces in the First World War and commander of Britain's 1915 Dardanelles Expeditionary Force, died at his home here today.

Argentina, Chile Plan Joint Anti-Red Drive

BUENOS AIRES, Oct. 12 (INS)—Official sources announced tonight that Argentina and Chile will sign an agreement for a joint anti-Communist campaign within the next few days.

Diplomatic circles in Buenos Aires said it will be the nucleus of a broad inter-American drive against Communist efforts to weaken the nations and destroy hemispheric security.

CIO Calls For Labor-Management Teamwork To Increase Production

BOSTON, Oct. 12 (AP)—The CIO said today America and the world need "production, production, more production" and proposed a new system of labor-management teamwork to bring it about.

President Philip Murray made the proposal in his annual report as the CIO prepared to open its ninth convention here Monday.

Murray said a joint effort for teamwork "can greatly strengthen the forces of democracy throughout the world."

In that connection, United States foreign policy took on new interest for the CIO convention today when Secretary of State George Marshall accepted an invitation to address the delegates.

He will speak Wednesday afternoon.

Meantime two more CIO unions announced they would file non-Communist affidavits in order to qualify to start cases before the National Labor Relations Board.

They are the Amalgamated Clothing Workers and the Shipbuilding Workers. Four CIO unions already have filed the necessary papers.

Murray invited the industry to join in creating "national industrial councils" in various industries to achieve "production teamwork."

Murray said "American labor will not shirk its duty" to get greater production. He asked industry and the "business-dominated Congress" to do their part and "we will see a production outflow which will exceed even that of the record war years."

Industry's part, he said, would be to reduce prices and expand the productive capacity of vital industries.

Murray made much of high prices and profits. He said although the economy has shown "many encouraging signs," the steady rise of prices and profits, plus other factors, "will eventually produce a major depression," unless halted.

Have Armored Cars; Hagana Units Alerted

Lebanese Troops Reported On Move

JERUSALEM, Oct. 12 (AP)—Jewish informants in Haifa reported tonight that Syrian troops equipped with some armored cars and other heavy weapons had arrived and encamped near the Palestine frontier in an area adjacent to 15 Jewish agricultural settlements.

The sources quoted Jewish settlers in the area as saying some of the troops were concentrated near the Syrian villages of Kuneitra and Banias just north of the finger of Palestine which juts into Syria and Lebanon.

Arabs patrolling the Palestine side of the frontier and units of Hagana, self-styled Jewish defense army, have been alerted, the informants added.

Mrs. Golda Myerson, a former resident of Milwaukee, Wis., now with the Jewish Agency Political Department, said she had telephoned all the Jewish settlements in the area and had been informed that there were no reports of incidents or clashes.

Jewish Settlements Alerted

The informants said some of the Syrian patrols had passed "quite close" to the Palestine border. The Jewish settlements were reported to have been alerted, and observers were said to have been posted to keep a close watch on the Syrians.

Last Thursday the Arab League Council in a meeting at Beirut, Lebanon, voted to cordon off what it called "terrorist organizations and Zionist forces" in Palestine by moving troops from the Arab countries in the league up to the boundary of the Holy Land.

(A Beirut dispatch quoted a civil attack of the Lebanese War Ministry as saying that two companies of Lebanese troops were moved near the Syrian-Palestine frontier Thursday for maneuvers. The attack, who visited the area, said the Lebanese soldiers were stationed in the mountains about 15 miles from the actual border.)

(A Cairo dispatch told of Arab troop movements from the south. This account quoted a spokesman of the Muslim Brotherhood Association of the Holy Land, who said a brotherhood army of 10,000 men had reached Rafa, a Mediterranean port on the Egyptian-Palestine border.

This information said the group was part of what he called a "save Palestine army" trained by Egyptian officers, who fought in the First World War.)

The Jewish informants said the Jewish settlers in Northeastern Palestine near the Syrian military concentrations were concerned because non-British units were patrolling their side of the border.

British Troops Move Back

Recently British military authorities withdrew British troops in the area back of Afula and Tiberias. The district now is patrolled by a combined group of the Transjordan frontier force and the Arab Legion. The Transjordan frontier force is an Arab unit set up under Palestine law and composed of Arabs from Palestine and Transjordan. The Arab Legion, the army of King Abdullah, of Transjordan, is officered by the British. Those units of the Legion now in Palestine are on loan to the British army.

There was no estimate of the number of Syrian troops reportedly involved. Commenting on the Jewish reports, a British military source said: "It is possible, but we have nothing officially."

Argentina, Chile Plan Joint Anti-Red Drive

BUENOS AIRES, Oct. 12 (INS)—Official sources announced tonight that Argentina and Chile will sign an agreement for a joint anti-Communist campaign within the next few days.

Diplomatic circles in Buenos Aires said it will be the nucleus of a broad inter-American drive against Communist efforts to weaken the nations and destroy hemispheric security.

CIO Calls For Labor-Management Teamwork To Increase Production

BOSTON, Oct. 12 (AP)—The CIO said today America and the world need "production, production, more production" and proposed a new system of labor-management teamwork to bring it about.

2 Murder Charges In 37 Indictments Of Grand Jury

Frank Molinari, Jr.,
Posts Bond Of \$500

After examining 132 witnesses the October term of Grand Jury reported to Allegany County Circuit Court Saturday that 37 indictments had been returned, including two murder charges and one charging a violation of alcoholic beverage laws.

Seven specific recommendations for renovation of the Court House, including elimination of the pigeons which roost along the windows and tower of the structure, were made by the jurors.

Frank Molinari, Jr., operator of the Cadillac cocktail lounge, was indicted on the alcoholic beverage law violation charge, accusing him of selling intoxicating liquors after midnight. He posted \$500 bond for a hearing in Circuit Court.

The murder charges were returned against Marvin C. Willis and Stillman Snow Smith.

Willis was indicted in connection with the death of his 18-month-old son, Junior Clinton Willis, who died from internal and external injuries, which Willis's wife told authorities were inflicted by the young father. The 20-year-old war veteran has denied the charges.

Smith faces charges resulting from the death of his 16-year-old wife, Mrs. Goldie Smith, whom he allegedly shot to death near their Town Creek home, according to authorities.

Smith, according to police, turned the shotgun on himself after and was so badly injured that his right arm was amputated in Memorial Hospital. While a patient in Memorial he was kept under armed guard and later removed to Allegany County Jail.

The grand jury submitted a copy of its report to the judges of the Circuit Court Saturday morning after a week long session, during which jurors visited the county institutions as well as examined law enforcement authorities throughout the county and investigated evidence of alleged criminals, who have been arrested.

The grand jury report in regards to the Allegany County Home stated: "We do not believe the institution to be sufficient to take care of the demand made upon it. x x x we believe that more convenient fire exits should be provided."

The jurors also reported finding the Allegany County Hospital for the Insane "crowded to capacity at the present time." The management of the institution, which also oversees the county home, was commended for conditions of the premises "under all of the circumstances."

The specific recommendations for the Court House include:

1. We repeat the recommendations of previous Grand Jurors that some action be taken to rid the Court House of the pigeons, which have become not only a nuisance but are damaging the building immeasurably.

2. We recommend that electric refrigeration drinking fountains be placed on the first, second and third floors of the Court House in numbers sufficient to take care of the demand.

3. We recommend that an office be erected within the Register of Wills Office to be used by the Reg-

I never collected anything until FAT SALVAGE began!

Says NORMAN DEL RENDS,
Famous Industrial Designer

First editions, antiques and left-handed teacups interest some people as collectors' items. I'm no collector, except when it comes to used fats. I've been reading how urgently every pound of used kitchen grease is still needed. The government says that the present world supply of fats and oils to make so many things we all need is only a little better than it was last year. The only extra source to depend on is America's kitchens. That's why I've turned collector—of used fats! Please, won't you keep saving and turning them in?

TURN IN YOUR USED FATS

American Fat Salvage Committee, Inc.

BRIDAL PARTY—Mr. and Mrs. C. Arthur Lancaster, with their attendants, Miss Angela Ruppert and John Alday, are shown on the steps at the home of the bride's parents, Mr. and Mrs. Frederick A. Ruppert, 509 Frederick Street, Saturday afternoon just before they left on their honeymoon. They were married in St. Patrick's Church Rectory Saturday at 10 a. m. with Father Charles W. Bogan officiating.

News Briefs

Mr. and Mrs. Paul F. Izat and Mrs. Anna Y. Izat, Baltimore are visiting Mrs. George E. Sturtz, Cumberland and Mrs. Jack Lochner, Lonaconing.

The Majority Club will sponsor a dance Saturday night, October 18, from 9 p. m. to 1 a. m. at the Shrine Country Club.

Mrs. M. L. Crabtree, 346 Central Avenue, is a patient in Allegany Hospital.

Clingerman Is Injured
Joseph Klingerman, 21, Green Ridge, suffered injuries to his left arm, Saturday night when the car he was driving failed to negotiate a sharp curve on Route 40, at Green Ridge, and the machine turned over.

Trooper William Baker said Klingerman told him he was blinded by the lights of an oncoming car. The machine crushed Klingerman's left arm when it turned over, police said. Hospital attaches said he was "resting comfortably" last night. No charges were preferred.

Man Is Held In
(Continued from Page 30)
Hospital attaché said she told them that she had been shot "by my husband."

Police said they learned from the wife that her husband approached her on the street and said "I want to talk to you." The wife told police that she replied "I don't want to talk to you." It was at this point, she declared, that he pulled the gun and began shooting.

Witnesses said he stood at close range, but his wife's efforts to protect herself prevented him from firing more accurately.

Pistol Was Jammed
Assistant Chief of Police B. Frank Gaffney and Detective Edwin E. Latta, assisted by Officers A. C. King and George Grass, of the Baltimore and Ohio Police force, made the arrest, after they located Griffith in his room. He was registered under the name Harry Wagner, police said, adding they learned that he took the room yesterday.

Officers who found the automatic lying on the railroad tracks said it was jammed and probably accounted for the fact that Griffith had not fired more shots before his wife disarmed him. They said two discharged shells were found near the scene of the shooting.

Other police who assisted in the arrest of Griffith were Officers Carl Stouffer, and James Brown. Police said they aided in the search of the rooms at the hotel.

DeMolay Will Hold Initiation Oct. 22

Cumberland Chapter, Order of DeMolay, held a special meeting yesterday afternoon at the Masonic Temple for degree practice, with Jimmy Moon, Ridgeley, W. Va., master counselor, presiding.

A similar meeting will be held next Sunday at 1:30 p. m. in preparation for the initiation of 20 candidates, which will be held Wednesday, October 22, at the Masonic Temple. Refreshments will be served following the semi-annual event.

B. & O. TO OBSERVE RESTRICTIONS ON SERVING FOOD

Dining car service on the Baltimore and Ohio Railroad will follow the letter President Truman's request for restrictions on food consumption for the benefit of the starving people of Europe. It has been announced by H. O. McAbee, manager of the Dining Car and Commissary Department of the railroad.

Mr. McAbee has notified all stewards, waiters-in-charge, cooks and waiters handling the B & O's dining car fleet, as well as its lunch counter and buffet lounge cars, that the railroad will serve no meat on Tuesdays and no poultry or eggs on Thursdays. In addition, no bread, rolls or muffins will be served at any meal on any day, except at the specific request of the patron.

"The Baltimore and Ohio is gladly giving its wholehearted support to this food conservation program," Mr. McAbee stated in a notice attached to each dining car menu. "We ask your cooperation and indulgence."

"All employees will see that the requests outlined are strictly complied with, not only insofar as our patrons are concerned but with equal force to our own dining car and train service employees," he added.

The requirements will apply to all kinds of food service including the sandwiches sold in the coaches.

BIRTHS

Memorial Hospital announces the following births:

Mr. and Mrs. Robert Blouch, Ridgeley, W. Va., a son.

Mr. and Mrs. John Riggman, Christie Road, a daughter.

Mr. and Mrs. Cecil Hott, Paw Paw, W. Va., a son.

Mr. and Mrs. Robert Garland, Buffalo Mills, Pa., a son.

Mr. and Mrs. Lawrence Cornwell, 109 Polk Street, a daughter.

Allegany Hospital announces the following births:

Mr. and Mrs. Edward L. Smith, Ridgeley, W. Va., a son.

Mr. and Mrs. Wayne Swauger, 141 Hanover Street, a son.

Mr. and Mrs. Paul Miller, Barton, a son.

Mr. and Mrs. Harold Shober, 1137 Frederick Street, a son.

Mr. and Mrs. Richard W. Mallot, Corriganville, a daughter.

Mr. and Mrs. Lloyd Smith announce the birth of a daughter September 24 at their home, 20 Arch Street.

Mr. and Mrs. Charles E. Babst, Bronxville, N. Y., former resident of Cumberland, announce the birth of a son, Charles Edward Babst, Jr., October 8.

Mr. and Mrs. Edward Kellert, 2450 Utah Place, Baltimore, announce the birth of a daughter October 6, at Woman's Hospital, Baltimore.

Mrs. Kellert is the former Virginia Lee Martin, daughter of Mr. and Mrs. E. H. Martin, this city.

DEATHS

MISS SQUIRES SERVICE

A funeral service will be held tomorrow at 2 p. m. at St. John's Lutheran Church for Miss Melvina Katherine Squires, 23, who died at her home, 506 Montreal Avenue, Saturday morning following an illness of seven years.

Rev. Donald F. Brake, pastor of St. John's Lutheran Church, will officiate. Interment will be in Greenmount Cemetery.

Palbearers will be Milford E. Davis, Carl Flatterman, Arthur L. Hoyle, Fred Squires, Clarence E. Hoyle and Howard Hoyle.

Born in Cumberland, Miss Squires was a daughter of Warren and Rose Switzer Squires. Surviving, besides her parents, are two sisters, Joanne, at home, and Mrs. Eleanor Leukert, this city; and two brothers, Warren Squires, Virginia Polytechnic Institute, Blacksburg, Va., and John Squires, at home.

EVY LEE STOTLER
Evvy Lee Stotler, 47, 9 Humboldt Street, who was employed for a number of years as a pipefitter's helper for the Baltimore and Ohio Railroad, died yesterday morning in Memorial Hospital, where he was admitted October 2.

Born in Morgan County, W. Va., Mr. Stotler was a son of the late John Wesley and Virginia McCay Stotler. He was a member of Emmanuel Methodist Church.

Surviving are his widow, Mrs. Myrtle Bailey Stotler; two sons, Lewis Wesley, serving with the Navy, and Robert, at home; three daughters, Virginia, Barbara and Shirley, all at home; one sister, Mrs. Elizabeth Rice, this city; four brothers, John Stotler, also of Cumberland, and Thomas, Lawrence and Isaac Stotler, all of Morgan County, and one half-brother, Nelson Stotler, Berkeley Springs, W. Va.

A funeral service will be held tomorrow at 2 p. m. at the home, with Rev. Gordon G. Jones, pastor of Emmanuel Methodist Church, officiating. Interment will be in Hillcrest Burial Park.

MRS. LAURA E. LONG
Mrs. Laura E. Long, 86, 118 Bedford Street, died yesterday at 1 p. m. She had been in failing health for the past five years.

Born in Elderton, Pa., Mrs. Long was a daughter of the late William and Elizabeth Alexander. Her husband, Andrew Long, an engineer on the Pennsylvania Railroad out of Pittsburgh, died about 31 years ago.

Mrs. Long had resided in Cumberland for the past 25 years. She was a member of Ladies Auxiliary No. 20, Brotherhood of Locomotive Engineers, and was a member of Trinity Methodist Church in Pittsburgh.

Surviving are one daughter, Mrs. Ethel Patton, of the Bedford Street address; two sisters, Mrs. William Smith, Bellevue, Pa., and Mrs. Mary Weber, Enon Valley, Pa.; two grandchildren, Mrs. Robert Stark, Washington, D. C., and John E. Patton, Frederick; and two great-grandchildren.

The body will remain at the Kight Funeral Home until noon today, when it will be taken to the F. H. Lowrie and Sons Funeral Home in Pittsburgh.

A funeral service will be held in Pittsburgh tomorrow at 2 p. m., with Rev. H. L. Daugherty, pastor of Trinity Methodist Church there, officiating. Interment will be in Union Dale Cemetery, Pittsburgh.

EDWARD KNOLL SERVICE

A funeral service will be held tomorrow at 2 p. m. at the residence for Edward Joseph Knoll, 59, 29 Mary Street, a car repairman of the Baltimore and Ohio Railroad shops, who dropped dead Saturday afternoon while at work.

Rev. J. E. Walter, pastor of Bethel and Calvary Evangelical United Brethren Church, will officiate. Interment will be in Greenmount Cemetery.

Dr. H. V. Deming, deputy county medical examiner, attributed death to a heart attack. Mr. Knoll had been suffering from a heart condition for three years, Dr. Deming was informed.

A native of Cumberland, Mr. Knoll was born September 22, 1888, a son of the late Beno and Mary Myers Knoll.

Surviving are his widow, Mrs. Phoebe Thompson Knoll; three sisters, Mrs. Catherine Umstott and Mrs. Bertha Troxell, both of this city, and Mrs. Ida Wolfshelmer, Baltimore.

GRAY INFANT
Walter Lynn Gray, 19-day-old son of Walter P. and Dorothy Swanner Gray, 218 Glenn Street, died Saturday afternoon in Allegany Hospital. He was the couple's only child.

The body is at the Hafer Funeral Home. Burial will take place today in Rose Hill Cemetery.

JOHN REED SERVICE
A funeral service will be held tomorrow at 2 p. m. at the Hafer Funeral Home for John Henry Reed, 71, retired electrical contractor, who died suddenly Friday morning at his home, 348 Baltimore Avenue.

Rev. M. A. Kresceker, pastor of Kingsley Methodist Church, will officiate, and interment will be in Hillcrest Burial Park.

Palbearers will be Walter Weires, Lloyd Forsyth, Wilson Gross, Louis Valentine, Robert Price and Fred Growden.

MRS. SMITH SERVICE
A brief service will be held tomorrow at 10:30 a. m. at the George Funeral Home for Mrs. Lucy Jane Smith, 75, wife of James F. Smith, rear of 327 Fort Hill Avenue, who died Saturday night in Memorial Hospital, where she had been a patient for five days.

The funeral cortege will then leave for Old Pine Church in Purgettville, W. Va., where a funeral service will be held at 12:30 p. m., with Rev. Lowell Rogers, a Methodist minister of Burlington, W. Va., officiating. Interment will be in the church cemetery.

Born in Hardy County, W. Va., Mrs. Smith was a daughter of the late George W. and Sallie Arnold Raines. She came here from Akron, O., with her husband in 1919, and was a member of Kingsley Methodist Church.

Besides her husband, Mrs. Smith

is survived by a sister, Mrs. John Seckman, Westport, and a number of nieces and nephews.

MISS SIBBEK RITES
A funeral service for Miss Indie Virginia Sibbek, 73, who died Friday morning at her home, 166 Bedford Street, will be held today at 3:30 p. m. at the home of her sister, Mrs. Sarah A. Marston, 323 Payette Street.

Rev. Carl H. Clapp, pastor of St. Mark's Evangelical and Reformed Church, will officiate, and interment will be in Rose Hill Cemetery.

Palbearers will be Arthur M. Bittner, Robert V. Snowden, Daniel Langer, Wilber R. Parker, Franklin W. Kremer and Glenmore V. Rice.

GEORGE W. SNOWDEN
George Washington Snowden, 79, a retired car inspector for the Pennsylvania Railroad, died yesterday morning at his home in Ellerslie, after an illness of one week. He would have observed his 80th birthday today.

Born at New Paris, Pa., Mr. Snowden was a son of the late William C. and Cornelia Gibbons Snowden. He had resided in Ellerslie for the past 47 years, and retired as a Pennsylvania Railroad employee 15 years ago. He was a member of Redeemers Evangelical and Reformed Church of Ellerslie.

Besides his widow, the former Anna M. Smith, whom he married November 22, 1893, Mr. Snowden is survived by four daughters, Mrs. Roy C. Clites, Ellerslie; Mrs. Charles E. Wilson, at home; Mrs. John H. Leydig, of near Hyndman, Pa.; and Mrs. James A. Patterson, Camp Hill, Pa.; and one son, Harry M. Snowden, LaVale.

Also surviving are one brother, Simon H. Snowden, Cumberland; one sister, Mrs. J. Edward Emerick, Ellerslie; five grandchildren and six great-grandchildren.

A funeral service will be held tomorrow at 2 p. m. at the home in Ellerslie, with Rev. John E. Bucher, pastor of Redeemers Evangelical and Reformed Church, officiating. Interment will be in Hillcrest Burial Park.

MRS. VIRGINIA NOLAND
Mrs. Virginia Cordelia Noland, 80, widow of Joseph W. Noland, died last night at her home, 33 Mary Street, after an illness of six weeks. Born in Berkeley Springs, W. Va.,

she was a daughter of the late George W. and Sallie Arnold Raines. She came here from Akron, O., with her husband in 1919, and was a member of Kingsley Methodist Church.

Besides her husband, Mrs. Smith

is survived by a sister, Mrs. John Seckman, Westport, and a number of nieces and nephews.

Local AAUW Branch Fetes New Teachers

Approximately 85 persons, including 18 new teachers in Allegany County, attended an informal reception and open house in honor of the new teachers, held by Cumberland branch, American Association of University Women, at the home of Mr. and Mrs. Reford Aldridge, 38 West Loos Street, Frostburg, yesterday afternoon.

The event was sponsored by the education committee of the AAUW with Miss Winifred Greene, committee chairman, as general chairman in charge of arrangements, assisted by Miss Wilton Jenkins, Frostburg, chairman of the AAUW social committee.

Guests also included Charles L. Kopp, superintendent of county schools, and Mrs. Kopp; Miss Lillian C. Compton, president of Frostburg State Teachers College, and several members of the college faculty; Mrs. Anna Higgins, vice principal at Allegany High School; Arthur Taylor, principal of Beall High School, Frostburg, and Mrs. Taylor; and John W. Fisher, principal of Bruce High School, Westport, and Mrs. Fisher.

Committee Formed
Sumner Hirsch, chairman of the local United Jewish Appeal campaign, announced over the weekend that he has been advised that a Christian committee has been formed in Frederick to aid in the charity drive.

Mrs. Noland was a daughter of the late Mr. and Mrs. Samuel Whistner. Her husband died in 1918. She was a member of the Baptist Church in Largent, W. Va.

Surviving are two sons, Samuel Noland, Warren, O., and Turner Noland, Leavittsburg, O.; one daughter, Mrs. Lillian Ingram, Miami, Fla.; 10 grandchildren, and 14 great-grandchildren.

The body will remain at Stein's Chapel.

2 Murder Charges In 37 Indictments Of Grand Jury

Frank Molinari, Jr.,
Posts Bond Of \$500

After examining 132 witnesses the October term of Grand Jury reported to Allegany County Circuit Court Saturday that 37 indictments had been returned, including two murder charges and one charging a violation of alcoholic beverage laws. Seven specific recommendations for renovation of the Court House, including elimination of the pigeons which roost along the windows and tower of the structure, were made by the jurors.

Frank Molinari, Jr., operator of the Cadillac cocktail lounge, was indicted on the alcoholic beverage law violation charge, accusing him of selling intoxicating liquors after midnight. He posted \$500 bond for a hearing in Circuit Court.

The murder charges were returned against Marvin C. Wills and Stillman Snow Smith.

Wills was indicted in connection with the death of his 16-month-old son, Junior Clinton Wills, who died from internal and external injuries, which Wills' wife told authorities were inflicted by the young father. The 20-year-old war veteran has denied the charges.

Smith faces charges resulting from the death of his 16-year-old wife, Mrs. Goldie Smith, whom he allegedly shot to death near their Town Creek home, according to authorities.

Smith, according to police, turned the shotgun on himself after and was so badly injured that his right arm was amputated in Memorial Hospital. While a patient in Memorial he was kept under armed guard and later removed to Allegany County Jail.

The grand jury submitted a copy of its report to the judges of the Circuit Court Saturday morning after a week long session, during which jurors visited the county institutions as well as examined law enforcement authorities throughout the county and investigated evidence of alleged criminals, who have been arrested.

The grand jury report in regards to the Allegany County Home stated "We do not believe the institution to be sufficient to take care of the demand made upon it. x x x we believe that more convenient fire exits should be provided."

The jurors also reported finding the Allegany County Hospital for the Insane "crowded to capacity at the present time." The management of the institution, which also oversees the county home, was commended for conditions of the premises "under all of the circumstances."

The specific recommendations for the Court House include:

1. We repeat the recommendations of previous Grand Jurors that some action be taken to rid the Court House of the pigeons, which have become not only a nuisance but are damaging the building immeasurably.

2. We recommend that electric refrigeration drinking fountains be placed on the first, second and third floors of the Court House in numbers sufficient to take care of the demand.

3. We recommend that an office be erected within the Register of Wills Office to be used by the Registrar.

I never collected anything until FAT SALVAGE began!

First editions, antiques and left-handed teacups interest some people as collectors' items. I'm no collector, except when it comes to used fats. I've been reading how urgently every pound of used kitchen grease is still needed. The government says that the present world supply of fats and oils to make so many things we all need is only a little better than it was last year. The only extra source to depend on is America's kitchens. That's why I've turned collector—at used fats! Please, won't you keep saving and turning them in?

BRIDAL PARTY—Mr. and Mrs. C. Arthur Lancaster, with their attendants, Miss Angela Ruppert and John Alday, are shown on the steps at the home of the bride's parents, Mr. and Mrs. Frederick A. Ruppert, 500 Frederick Street, Saturday afternoon just before they left on their honeymoon. They were married in St. Patrick's Church Rectory Saturday at 10 a. m. with Father Charles W. Bogan officiating.

News Briefs

Mr. and Mrs. Paul F. Izat and Mrs. Anna Y. Izat, Baltimore are visiting Mrs. George E. Stutz, Cumberland and Mrs. Jack Lochner, Lonaconing.

The Majority Club will sponsor a dance Saturday night, October 18, from 9 p. m. to 1 a. m. at the Shrine Country Club.

Mrs. M. L. Crabtree, 346 Central Avenue, is a patient in Allegany Hospital.

Clingerman Is Injured

Joseph Klingerman, 21, Green Ridge, suffered injuries to his left arm, Saturday night when the car he was driving failed to negotiate a sharp curve on Route 40, at Green Ridge, and the machine turned over.

The machine crushed Klingerman's left arm when it turned over, police said. Hospital attaches said he was "resting comfortably" last night. No charges were preferred.

Man Is Held In

(Continued from Page 10)

Hospital attaches said she told them that she had been shot "by my husband."

Police said they learned from the wife that her husband approached her on the street and said "I want to talk to you." The wife told police that she replied "I don't want to talk to you." It was at this point, she declared, that he pulled the gun and began shooting.

Witnesses said he stood at close range, but his wife's efforts to protect herself prevented him from firing more accurately.

Pistol Was Jammed

Assistant Chief of Police B. Frank Gaffney and Detective Edwin R. Lilly, assisted by Officers A. C. King and George Grass, of the Baltimore and Ohio Police force, made the arrest, after they located Griffith in his room. He was registered under the name Harry Wagner, police said, adding they learned that he took the room yesterday.

Officers who found the automatic lying on the railroad tracks said it was jammed and probably accounted for the fact that Griffith had not fired more shots before his wife disarmed him. They said two discharged shells were found near the scene of the shooting.

Other police who assisted in the arrest of Griffith were Officers Carl Stouffer and James Brown. Police said they aided in the search of the rooms at the hotel.

B. & O. TO OBSERVE RESTRICTIONS ON SERVING FOOD

Dining car service on the Baltimore and Ohio Railroad will follow the letter President Truman's request for restrictions on food consumption for the benefit of the starving people of Europe, it has been announced by H. O. McAbee, manager of the Dining Car and Commissary Department of the railroad.

Mr. McAbee has notified all stewards, waiters-in-charge, cooks and waiters handling the B & O's dining car fleet, as well as its lunch counter and buffet lounge cars, that the railroad will serve no meat on Tuesdays and no poultry or eggs on Thursdays. In addition, no bread, rolls or muffins will be served at any meal on any day, except at the specific request of the patron.

"The Baltimore and Ohio is gladly giving its wholehearted support to this food conservation program," Mr. McAbee stated in a notice attached to each dining car menu. "And we ask your cooperation and indulgence."

"All employees will see that the requests outlined are strictly complied with, not only insofar as our patrons are concerned but with equal force to our own dining car and train service employees," he added.

The requirements will apply to all kinds of food service including the sandwiches sold in the coaches.

BIRTHS

Memorial Hospital announces the following births:

Mr. and Mrs. Robert Blouch, Ridgeley, W. Va., a son.

Mr. and Mrs. John Riggman, Christie Road, a daughter.

Mr. and Mrs. Cecil Hott, Paw Paw, W. Va., a son.

Mr. and Mrs. Robert Garland, Buffalo Mills, Pa., a son.

Mr. and Mrs. Lawrence Cornwell, 106 Park Street, a daughter.

Allegany Hospital announces the following births:

Mr. and Mrs. Edward L. Smith, Ridgeley, W. Va., a son.

Mr. and Mrs. Wayne Swauger, 141 Hanover Street, a son.

Mr. and Mrs. Paul Miller, Barton, a son.

Mr. and Mrs. Harold Shober, 1137 Frederick Street, a son.

Mr. and Mrs. Richard W. Mallot, Corriganville, a daughter.

Mr. and Mrs. Lloyd Smith announce the birth of a daughter September 24 at their home, 20 Arch Street.

Mr. and Mrs. Charles E. Babst, Bronxville, N. Y., former residents of Cumberland, announce the birth of a son, Charles Edward Babst, Jr., October 8.

Mr. and Mrs. Edward Kellert, 2450 Utah Place, Baltimore, announce the birth of a daughter October 6, at Woman's Hospital, Baltimore.

Mrs. Kellert is the former Virginia Lee Martin, daughter of Mr. and Mrs. E. H. Martin, this city.

DeMolay Will Hold Initiation Oct. 22

Cumberland Chapter, Order of DeMolay, held a special meeting yesterday afternoon at the Masonic Temple for degree practice, with Jimmy Moon, Ridgeley, W. Va., master counselor, presiding.

A similar meeting will be held next Sunday at 1:30 p. m. in preparation for the initiation of 20 candidates, which will be held Wednesday, October 22, at the Masonic Temple. Refreshments will be served following the semi-annual event.

DEATHS

MISS SQUIRES SERVICE

A funeral service will be held today at 2 p. m. at St. John's Lutheran Church for Miss Melvina Katherine Squires, 23, who died at her home, 506 Montreal Avenue, Saturday morning following an illness of seven years.

Rev. Donald P. Brake, pastor of St. John's Lutheran Church, will officiate. Interment will be in Greenmount Cemetery.

Palbearers will be Milford E. Davis, Carl Plattnerman, Arthur L. Hoyle, Fred Squires, Clarence E. Hoyle and Howard Hoyle.

Surviving are her daughter, Miss Squires, and her son, Miss Squires, who is a daughter of Warren and Rose Switzer Squires. Surviving, besides her parents, are two sisters, Joanne, at home, and Mrs. Eleanor Leukert, this city; and two brothers, Warren Squires, Virginia Polytechnic Institute, Blacksburg, Va., and John Squires, at home.

EVY LEE STOTLER

Evvy Lee Stotler, 47, 8 Humbird Street, who was employed for a number of years as a pipefitter's helper for the Baltimore and Ohio Railroad, died yesterday morning in Memorial Hospital, where he was admitted October 2.

Born in Morgan County, Va., Mr. Stotler was a son of the late John Wesley and Virginia McCay Stotler. He was a member of Emmanuel Methodist Church.

Surviving are his widow, Mrs. Myrtle Bailey Stotler; two sons, Lewis Wesley, serving with the Navy, and Robert, at home; three daughters, Virginia, Barbara, and Shirley, all at home; one sister, Mrs. Elizabeth Rice, this city; four brothers, John Stotler, also of Cumberland, and Thomas, Lawrence and Isaac Stotler, all of Morgan County, Va.; and one half-brother, Nelson Stotler, Berkeley Springs, W. Va.

A funeral service will be held tomorrow at 2 p. m. at the home, with Rev. Gordon G. Jones, pastor of Emmanuel Methodist Church, officiating. Interment will be in Hillcrest Burial Park.

MRS. LAURA E. LONG

Mrs. Laura E. Long, 86, 118 Bedford Street, died yesterday at 1 p. m. She had been in failing health for the past five years.

Born in Elderton, Pa., Mrs. Long was a daughter of the late William and Elizabeth Alexander. Her husband, Andrew Long, an engineer on the Pennsylvania Railroad out of Pittsburgh, died about 31 years ago.

Mrs. Long had resided in Cumberland for the past 25 years. She was a member of Ladies Auxiliary No. 20, Brotherhood of Locomotive Engineers, and was a member of Trinity Methodist Church in Pittsburgh.

Surviving are one daughter, Mrs. Ethel Patton, of the Bedford Street address; two sisters, Mrs. William Springer, Bellevue, Pa., and Mrs. Mary Walter, Enoch Valley, Pa.; two grandchildren, Mrs. Robert Stark, Washington, D. C., and John E. Patton, Frederick; and two great-grandchildren.

The body will remain at the Kight Funeral Home until noon today, when it will be taken to the F. H. Lowrie and Sons Funeral Home in Pittsburgh.

A funeral service will be held in Pittsburgh tomorrow at 2 p. m., with Rev. H. L. Daugherty, pastor of Trinity Methodist Church there, officiating. Interment will be in Union Dale Cemetery, Pittsburgh.

EDWARD KNOLL SERVICE

A funeral service will be held tomorrow at 2 p. m. at the residence of Edward Joseph Knoll, 39, 29 Mary Street, a car repairman of the Baltimore and Ohio Railroad shops, who dropped dead Saturday afternoon while at work.

Rev. J. E. Walter, pastor of Bethel and Calvary Evangelical United Brethren Church, will officiate. Interment will be in Greenmount Cemetery.

Dr. H. V. Deming, deputy county medical examiner, attributed death to a heart attack. Mr. Knoll had been suffering from a heart condition for three years, Dr. Deming was informed.

A native of Cumberland, Mr. Knoll was born September 22, 1888, a son of the late Ben and Mary Myers Knoll.

Surviving are his widow, Mrs. Phoebe Thompson Knoll; three sisters, Mrs. Catherine Umstott and Mrs. Bertha Troxell, both of this city, and Mrs. Ida Wolfshelm, Baltimore.

Eckhart Square Circle Group To Observe Birthday Sportsmen Will Meet On Tuesday

By RUDOLPH NICKEL
FROSTBURG — The Eckhart Square Circle Sportsmen's Association will observe its 11th anniversary Tuesday with a turkey banquet to be served at 6:30 p. m. in the club house at Eckhart by the newly organized ladies auxiliary.

The committee arranging the program consists of Eugene Delaney, Fred Robertson and Robert Ryan. The banquet committee consists of William Keller, Charles Porter and Markie Robertson.

The program will consist of vocal and instrumental numbers and brief addresses by officers and members of other sportsmen's groups in the county.

The committee is making an effort to have H. C. Buckingham, state forester; George B. Shields, Chief deputy game warden, and Ernest A. Vaughan, state game warden, attend. The three state officials will arrive here today to begin a three-day tour of Garrett county to work out plans of wild life development in the state forests of Western Maryland, in cooperation with the State Department of Forests and Parks.

MODERN KITCHEN—Shown above is the modern kitchen of the new \$20,000 school cafeteria recently built adjoining the Londonderry Township Consolidated School near Hyndman, Pa. At the left is Mrs. Della Twigg, head cook. The picture was taken while H. M. Carpenter, principal (center) and C. P. Gaster, president of the Londonderry Parent-Teacher Association, which raised funds for the new cafeteria, were inspecting the kitchen.

Dredging Creek

A power shovel was placed at work last week dredging George's Creek from the bridge at Borden Shaft northward towards Wright's crossing. The work is being done by the county with a view of preventing a recurrence of the floods of the past summer when water from the creek in many places, particularly in Grahamstown and Wright's Crossing, overflowed the banks of the creek and backed up over the highways and through sewers into the cellars of numerous homes.

Mrs. Powers Dies

Mrs. Lucy (Hewitt) Powers, 70, former resident of Frostburg, died Friday night in a Philadelphia hospital. She was the widow of George Powers and a sister-in-law of Frank T. Powers of Frostburg. She is also survived by two sons and two daughters, all of Philadelphia.

The body was brought to the Hafer Funeral home in Frostburg Sunday and services will be held Monday at 9:30 a. m. in St. Michael's Catholic Church. Interment will be in the church cemetery.

Marriage Announced

Mr. and Mrs. James E. Holsinger, Eckhart, announce the marriage of their daughter Leona Mae to George William Porter, son of Mr. and Mrs. Nathan Porter, Eckhart. The ceremony was performed by Rev. Arthur L. Hunter, pastor of Grace Methodist Church, Cumberland, June 11.

Mrs. Porter is a Graduate of Beall High School

Mrs. Porter is a graduate of Beall High School, Class of 1946 and has been doing private nursing in Washington, D. C.

Plans for the Annual Outing and Dinner of the American Legion Auxiliary Unit of Kelly-Mansfield Post No. 52, Piedmont, Md., will be made at the regular business meeting Friday night at the Legion Home, to be held October 29, at Layman's Farm. They will leave by special bus at 5 p. m.

Circle Will Meet

Westernport First Circle of the W.C.S. of Trinity Methodist Church, Piedmont, will meet at the home of Mrs. John W. Fisher, 764 Church Street, tonight at 7:30 o'clock.

Large Bag will be Packed to be Sent to the Church World Service Home at New Windsor, Md., which will be reshipped to Poland. Members are asked to bring parcels for the bag, which should include clothing or any useful articles for the home or for personal use.

Go to Fort Dix

Pvt. Donald H. Whisner, son of Mr. and Mrs. H. M. Whisner, 305 Virginia Avenue, has arrived at Fort Dix, N. J., to begin basic training in the army. He attended Fort Hill High School before enlisting in the Army on September 24, 1947.

The National Safety Council says that 32 per cent of all injured pedestrians in the nation during 1946 were in the age group of 5 to 14 years, although this age group includes only 16 per cent of the total population.

Velvia M. Helmick Dies In Potomac Valley Hospital

By MRS. JOSEPH H. TAYLOR
KEYSER, W. Va.—Velvia Marie Helmick, 18, daughter of Mr. and Mrs. Thomas D. Helmick, 130 Chestnut Street, died in Potomac Valley Hospital shortly before midnight Saturday, where she was admitted Wednesday night suffering from double pneumonia. She was born at Fairfax, W. Va., in 1928, and had been employed at the Potomac Worsted Mills, in Keyser. She would have been 19 years old on October 18.

Besides her parents, she is survived by one brother, Dewey H. Helmick, Keyser; two sisters, Evangeline and Pauline Helmick, at home; her paternal grandfather, James Helmick, Limerock, W. Va., and her maternal grandmother, Mrs. Theodore Miller, Parsons, W. Va.

Funeral services will be conducted Wednesday afternoon at 2 o'clock from the Church of the Brethren, Keyser, with the pastor, Rev. I. S. Long, officiating. Interment will be in a local cemetery, to be selected later.

Mrs. Leatherman Service

A funeral service will be held today at 2 p. m. in Antioch United Brethren Church for Mrs. Samantha Leatherman, 85, widow of Elijah Leatherman, who died Saturday morning at the home of her daughter, Mrs. Bessie Rotruck, near New Creek, after a lingering illness. Interment will be in Thrush Cemetery, Antioch.

Mrs. Brown Dies

Mrs. Leva Marguerite Brown, 25, wife of Frank Eugene Brown, died Saturday morning at her home, 88 Ward Avenue, after a lingering illness.

Mrs. Brown was born in Keyser, a daughter of Jesse Ambrose and Beulah Leveta Shumaker Rotruck, and was a graduate of Keyser High School.

Besides her husband and parents, she is survived by two step-children, Miss Betty Jean Brown, and Francis Scott Brown, of Keyser; a sister, Mrs. Carl Welch, Jr., and two brothers, Durus and Curtis Rotruck, also of Keyser.

Funeral services will be held today at 2 p. m. from the residence. Interment will take place in Knobley Cemetery.

Youth Is Held

A 16-year-old Fort Ashby youth was ordered held under \$500 bond for grand jury action when arraigned yesterday before Justice of the Peace Madalyn Bazzle on larceny charges.

Authorities said the youth is charged with taking two wedding rings, a diamond ring, automobile keys and old coins belonging to Mrs. Eva Mutch, Fort Ashby.

Persons

Mr. and Mrs. Vernon Beale and daughter, Verna, Cumberland, are visiting his mother, Mrs. A. L. Beale.

Mrs. L. W. Kelley and daughter, Judith Ann, Charles Town, are visiting her parents, Mr. and Mrs. W. A. Miers.

Mrs. E. R. Frey and two grandchildren, Edwin and Carolyn Jean Frey, have returned to their home in Grafton, after visiting relatives here.

Harvey Hudkins, student at Potomac State School, spent the weekend at his home in Phillip, W. Va.

Miss Mary Evelyn Tyler has returned to West Virginia University after spending a week at her home here.

Patients admitted to Potomac Valley Hospital include Mrs. B. B. Lease, Harold Ours, Miss Mary Rotruck, Mrs. Rose Pezzanite, John Haines, of Keyser; Mrs. Leonard Rhodes, Mrs. Joseph Taylor, of Westernport, Md.; Mrs. James Ravey, Romney; Robert Shimminger, Dawson, Md.; Miss Betty Rodenover, Bayard, and Mrs. W. L. Wilson, Kitzmiller, Md.

Mrs. Ernest Denicker and infant daughter have returned to their home in Barton, from Potomac Valley Hospital.

Mrs. Betty Rogers and infant daughter have returned to their home from Potomac Valley Hospital.

Mrs. Carolyn Rhodes and infant son have returned to their home from Potomac Valley Hospital.

Other persons discharged from the hospital include: Mrs. Bertha Baker, A. J. Llewellyn, Mrs. Eillian Keys, Mrs. Russell Wolfe, Keyser, and Lawrence Elliott, Kitzmiller.

The McCoole Homemakers Club will meet Tuesday afternoon at 2 o'clock at the home of Mrs. Lucy Kempfner, McCoole.

Homer Cloud Weds Helen Fay Miller

HYNDMAN, Pa.—Mr. and Mrs. Harold M. Miller, Hyndman, announce the marriage of their daughter, Helen Fay, to Homer Cloud, son of Mr. and Mrs. S. C. Cloud, Buffalo, Mills, Pa.

The wedding took place, Oct. 2, in Oakland with Rev. Denver Pickens, pastor of St. Paul's Methodist Church, officiating. The bride's parents were the attendants.

The bride was attired in a blue suit with black accessories complemented with a corsage of gardenias.

Mrs. Cloud attended Hyndman High School and was a member of the High School Band.

The bridegroom served two years in the Merchant Marine and is now employed by the Pennsylvania Construction Company.

Eckhart Square Circle Group To Observe Birthday

Sportsmen Will Meet On Tuesday

By RUDOLPH NICKEL
FROSTBURG — The Eckhart Square Circle Sportsmen's Association will observe its 11th anniversary Tuesday with a turkey banquet to be served at 6:30 p. m. in the club house at Eckhart by the newly organized ladies auxiliary.

The committee arranging the program consists of Eugene Delaney, Fred Robertson and Robert Ryan. The banquet committee consists of William Keller, Charles Porter and Markle Robertson.

The program will consist of vocal and instrumental numbers and brief addresses by officers and members of other sportsmen's groups in the county.

The committee is making an effort to have H. C. Buckingham, state forester; George B. Shields, Chief deputy game warden, and Ernest A. Vaughan, state game warden, attend. The three state officials will arrive here today to begin a three-day tour of Garrett county to work out plans of wildlife development in the state forests of Western Maryland, in cooperation with the State Department of Forests and Parks.

Dredging Creek
A power shovel was placed at work last week dredging George's Creek, the bridge at Borden Shaft northward towards Wright's crossing. The work is being done by the county with a view of preventing a recurrence of the floods of the past summer when water from the creek in many places, particularly in Grahamstown and Wright's Crossing, overflowed the banks of the creek and backed up over the highways and through sewers into the cellars of numerous homes.

Mrs. Powers Dies
Mrs. Lucy (Hewitt) Powers, 70, former resident of Frostburg, died Friday night in a Philadelphia hospital. She was the widow of George Powers and a sister-in-law of Frank T. Powers of Frostburg. She is also survived by two sons and two daughters, all of Philadelphia.

Marriage Announced
Mr. and Mrs. James E. Holsinger, Eckhart, announce the marriage of their daughter Leona Mae to George William Porter, son of Mr. and Mrs. Nathan Porter, Eckhart. The ceremony was performed by Rev. Arthur L. Hunter, pastor of Grace Methodist Church, Cumberland, June 11.

Mrs. Porter is a graduate of Beall High School, Class of 1946 and has been doing private nursing in Washington, D. C.

Mr. Porter is a graduate of Beall High School, Class of 1943, and spent three years with the Navy in the Pacific.

They will occupy their new home in Eckhart in the near future.

Drum and Bugle Corps of Partridge Post, No. 24, American Legion has accepted an invitation to take part in a parade to be held in Cumberland Thursday in connection with a beauty contest being sponsored by Company G., Maryland National Guard.

The Ladies Auxiliary of the Young Republican Club will hold a card party Tuesday, at 8:30 p. m., at the club headquarters, East Main Street. Mrs. Charlotte Zeller, Mrs. Violet Barclay and Mrs. Ursula Dunn will be hostesses.

The Ladies Social Club of the Fraternal Order of Eagles will meet tonight at 8 p. m., at the club rooms, 101 and 103 Main Street.

The Past Council's Club of Star of Frostburg Council, No. 98, Daughters of America will meet Thursday, at 8 p. m., at the home of Mrs. Ruth Leggett, East Main Street, with Mrs. Agnes Baker, co-hostess.

Mr. and Mrs. Raymond Baer, 101 Spring Street, announce the birth of a son Friday morning in Miners' Hospital.

Frostburg Personals
James Eagle, son of Mr. and Mrs. James Close, Sand Spring, is a patient in Memorial Hospital, Cumberland, where he underwent an operation Sunday morning.

Mr. and Mrs. Fred Thomas and son, Ronnie, are home after a visit with relatives in Pittsburgh.

Mr. and Mrs. Howard Ward and children, Ronald and Gerald, are in Plattsburg, N. Y., the guests of Mrs. Ward's parents, Rev. and Mrs. Winthrop Stillwell.

Samuel Pfaff returned to Conowingo, Md., where he is employed, after spending several days here with his parents.

Mrs. Nell Broadwater Zeller, this city, a former student at Dana Musical Institute, Warren, Ohio, has been visiting Mrs. W. K. Pritchard, at Warren.

Terra Alta Stock Yard
TERRA ALTA, W. Va.—Friday's receipts were again extremely heavy, in moderate demand, prices were some lower on most grades.

Hogs, choice weights 27.00 to 28.95, heavy weights and packing sows 21.00 to 25.25, pigs and shoats 3.75 to 25.50 per head.

Cattle, good to choice 24.00 to 27.00, medium 16.40 to 22.10, common 12.60 to 15.75.

Bulls 12.00 to 18.00, cows 7.00 to 10.00, cows by the head 70.00 to 90.00, steers 13.20 to 22.30, heifers 15.00 to 19.00, heiferettes 11.60 to 17.75, stock cattle 30.00 to 90.00 per head.

MODERN KITCHEN—Shown above is the new \$20,000 school cafeteria recently built adjoining the Londonderry Township Consolidated School near Hyndman, Pa. At the left is Mrs. Della Twigg, head cook. The picture was taken while H. M. Carpenter, principal (center) and C. P. Gaster, president of the Londonderry Parent-Teacher Association, which raised funds for the new cafeteria, were inspecting the kitchen.

Neel Rites Will Be Held Today At Bayard, W. Va.

By GEORGE W. DADDYSMAN

WESTERNPORT—A funeral service for Henry W. Neel, 65, who died suddenly Saturday morning at his home at Bayard, W. Va., will be conducted tomorrow afternoon at 2:30 o'clock at the Bayard Methodist Church, with Rev. E. J. Hodges, pastor, officiating. Interment will be in the Bayard cemetery.

Mr. Neel was a son of the late Washington and Emma Henline Neel.

Besides his widow, Mr. Neel is survived by three daughters, Mrs. Alexander Cole and Mrs. Frank Shade, Washington, and Mrs. Thomas C. Strother, Arlington, Va.; one son, Robert, at home, and a brother, Charles, Bayard; also three grandchildren.

Outing Is Planned
Plans for the annual outing and dinner of the American Legion Auxiliary Unit of Kelly-Mansfield Post No. 52, Piedmont, were made at the regular business meeting Friday night at the Legion Home, to be held October 29, at Layman's Farm. They will leave by special bus at 6 p. m.

Contributions of \$70 were made as follows: Hopemont Sanitarium \$10; Huntington Veterans Hospital, \$10; Newton D. Baker Veterans Hospital, Martinsburg, \$10; and \$10 each to the gift shops of the two latter hospitals and \$10 each to their Christmas Fund.

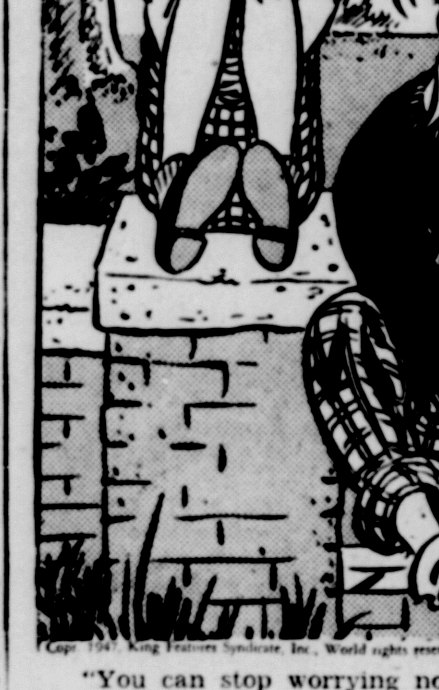

Circle Will Meet
Westernport Plat Circle of the W.S.C.S. of Trinity Methodist Church, Piedmont, will meet at the home of Mrs. John W. Fisher, 164 Church Street, tonight at 7:30 o'clock.

A large bag will be packed to be sent to the Church World's Service Home at New Windsor, Md., which will be reshipped to Poland. Members are asked to bring parcels for the bag, which should include clothing or any useful articles for the home or for personal use.

Goes To Fort Dix
Pvt. Donald H. Whisner, son of Mr. and Mrs. H. M. Whisner, 305 Virginia Avenue, has arrived at Fort Dix, N. J., to begin basic training in the army. He attended Fort Hill High School before enlisting in the Army on September 24, 1947.

The National Safety Council says the 32 per cent of all injured pedestrians in the nation during 1946 were in the age group of 5 to 14 years, although this age group includes only 16 per cent of the total population.

Contact Camp Is Held For Reserve Officers Of 100th Airborne Unit

Model Equipment Is Demonstrated

By THOMAS WILLIAMS

ROMNEY, W. Va.—A contact camp was held at Peterkin Conference center over the weekend for all reserve officers of the 100th Airborne Division of West Virginia, for the purpose of keeping officers up to date on latest developments in airborne operations.

A demonstration team of three officers and 22 men of the 82nd Division from Fort Bragg, Fayetteville, N. C., gave demonstrations of late model equipment.

The engineer display was composed of a demolition kit, flame thrower, power saw and mine included. The artillery display included a range finder, aiming circle, pack howitzer, 50-caliber anti-aircraft gun, equipment containers, parachutes, mortars, machineguns and Pathfinder equipment.

Yesterday was spent in map study, familiarizing officers with problems and technique. Approximately 140 men attended.

Maj. Daniel P. Gallagher, Clarksville, unit instructor, was in charge, assisted by Maj. Mac Shelley of Wheeling. Others assisting were Col. Henry S. Schrader, Wheeling, commander of the 398th Regimental Combat Team, Charleston, which is attached to the 100th Airborne Division with headquarters in Louisville, Ky., and Col. Nelson Dingley, III, South Charleston, senior instructor of the organized reserve corps of West Virginia at South Charleston, with headquarters at the Naval Ordnance Plant.

Maj. Herbert B. Allen was assistant senior instructor. First Lt. John A. Allen, Romney, was responsible for having the camp held at the Peterkin Conference Center. This was the fifth session of its kind in West Virginia.

Elect Officers
The Wappacoma Farm Women's Club met at the home of Mrs. Peyton Parker with 22 members present. Miss Maxine Ripley, home demonstration agent, stressed some of the current agricultural problems facing farmers and homemakers and discussed price support and parity, and how they effect individual homemakers.

Officers elected for the coming year were president, Mrs. George Davis; vice president, Mrs. George Stump; and secretary treasurer, Mrs. Ray Himes.

After a short business meeting the members turned in clothing they had brought for needy children in Europe. The clothing was packed under the direction of Mrs. W. Roy Smith.

The club will meet again on November 13 at the home of Mrs. Donald Spangler, with Mrs. W. R. Kiser as co-hostess.

Brief Items
Miss Maxine Ripley, home demonstration agent, and D. I. Law, county agent, are attending the State Extension Conference which is being held at Jackson's Mill, October 13 to 18.

Haven Umstott, Washington, D. C., who came here to attend the Contract Camp for Reserve Officers of Peterkin Conference Center, visited Mr. and Mrs. Orville Umstott.

Meryl L. Combs, Glenn Shingleton, Roy Shingleton and David Shear have returned from Martinsburg, where they attended a school of instruction in the procedure of handling reburial of war dead being returned to this country. The group represents the Romney American Legion.

Ralph Dusie, president of the West Virginia State Moose Association, met with the district presidents in Huntington yesterday.

Mrs. Edward W. Miller and Miss Margaret Keller were guests this past weekend of Miss Madelyn Leuter in Baltimore.

Velvia M. Helmick Dies In Potomac Valley Hospital

By MRS. JOSEPH H. TAYLOR

KEYSER, W. Va.—Velvia Marie Helmick, 18, daughter of Mr. and Mrs. Thomas D. Helmick, 130 Chestnut Street, died in Potomac Valley Hospital shortly before midnight Saturday, where she was admitted Wednesday night suffering from double pneumonia. She was born at Fairfax, W. Va., in 1928, and had been employed at the Potomac Worsted Mills, in Keyser. She would have been 19 years old on October 18.

Besides her parents, she is survived by one brother, Dewey H. Helmick, Keyser; two sisters, Evangeline and Pauline Helmick, at home; her paternal grandfather, James Helmick, Limerock, W. Va., and her maternal grandmother, Mrs. Theodore Miller, Parsons, W. Va.

Funeral services will be conducted Wednesday afternoon at 2 o'clock from the Church of the Brethren, Keyser, with the pastor, Rev. I. S. Long, officiating. Interment will be in a local cemetery, to be selected later.

Mrs. Leatherman Service
A funeral service will be held today at 2 p. m. in Antioch United Brethren Church for Mrs. Samantha Leatherman, 85, widow of Elijah Leatherman, who died Saturday morning at the home of her daughter, Mrs. Bessie Rotruck, near New Creek, after a lingering illness. Interment will be in Thrush Cemetery, Antioch.

Mrs. Brown Dies
Mrs. Leveta Marguerite Brown, 25, wife of Frank Eugene Brown, died Saturday morning at the home, 88 Ward Avenue, after a lingering illness.

Mrs. Brown was born in Keyser, a daughter of Jesse Ambrose and Beulah Leveta Shumaker Rotruck, and was a graduate of Keyser High School.

Besides her husband and parents, she is survived by two step-children, Miss Betty Jean Brown, and Francis Scott Brown, of Keyser; a sister, Mrs. Carl Welch, Jr., and two brothers, Darius and Curtis Rotruck, also of Keyser.

Funeral services will be held today at 2 p. m. from the residence. Interment will take place in Knobly Cemetery.

Youth Is Held
A 16-year-old Fort Ashby youth was ordered held under \$500 bond for grand jury action when he was charged yesterday before Justice of the Peace Madelyn Bazzie on larceny charges.

Authorities said the youth is charged with taking two wedding rings, a diamond ring, automobile keys and old coins belonging to Mrs. Eva Mutch, Fort Ashby.

Personals

Avenue, a B. and O. worker, injured his left hip while working, and James Carter, 37, of 225 North Mechanic Street, suffered lacerations of the nose and chin in a fall. Both were treated in Allegany Hospital.

Frank Debelock, 57, Mt. Pleasant Street, Frostburg, was badly injured Friday afternoon in a rock fall at the Gunston coal mine on Route 40 near Clarysville.

Marshall Stanton, owner-operator of the mine, took Debelock to Miners' Hospital, Frostburg, where his condition is reported "fair." He suffered back and leg injuries and severe lacerations of one ear and the head. X-rays were taken to determine the extent of his back injury.

Alva Sites Weds Miss Helen Mouse

By MYRTLE PARK

PETERSBURG, W. Va.—Miss Helen Sybil Mouse and Alva A Sites were married in Hagerstown Md., on Tuesday, October 7, in the Methodist Church, with Rev. Norman Trotter officiating.

Miss Josephine Mouse, Dayton, Beach, Fla., sister of the bride, was maid of honor and the bride's only attendant. Gerland Dahmer, Petersburg, cousin of the bride, served as best man.

The bride wore a street length dress of brown crepe and a corsage of pink rosebuds. Her maid of honor wore a dress of forest green crepe and a corsage of yellow rosebuds.

Mrs. Sites is a daughter of Mr. and Mrs. D. W. Mouse, Pansy, and is a graduate of Petersburg High School and Catherman's Business School, Cumberland, Md. She was employed by the Cumberland Claim Office of the United States Fidelity and Guaranty Company for a number of years.

Mr. Sites is a son of Mr. and Mrs. Austin L. Sites, Petersburg, and is a graduate of Petersburg High School. He is engaged with his father in farming and raising livestock.

Mr. and Mrs. Sites left for a trip to New York City. They will reside in their newly built home four miles south of here.

Personals
William Smith is seriously ill at his home on South Main Street.

Joe L. Crites, with the Navy at Norfolk, Va., is visiting his mother, Mrs. Sally Crites, and other relatives.

The "Revived" Comintern And The Truman Doctrine

The new Communist International has declared war on "Western imperialism," which, interpreted, means that Communist-dominated countries and Communist parties everywhere will try to wreck the Marshall Plan and even obstruct American food relief to hungry Europe.

Such obstruction will do nothing to brighten the near future of humanity. But Americans cannot say they were not warned in advance. As early as just after the defeat of Germany they should have suspected, from the Russian action in Poland, what they were in for.

Before the Yalta Conference in early 1945 the United States, Great Britain and Soviet Russia agreed to divide Germany into four occupation zones. At Yalta it was resolved that the fixing of the Western frontier of Poland should wait upon the German peace conference—which has not yet been held. Then, even before the Potsdam Conference, Russia transferred all German territory east of the Neisse River to Poland. That was done without consulting Washington or London, on the excuse of "military necessity." Stalin himself drew the Polish-German frontier, and has insisted ever since that that frontier must hold.

This action involved a huge transfer of population. Before the war the area contained 9,000,000 Germans. By the time of Potsdam, there were about 2,000,000 Germans left. The Soviet decision drove most of these Germans, like the millions who preceded them, into the occupation areas of Britain and the United States. At the same time, it deprived Germany of one-fourth of her prewar arable land.

The whole Soviet program reveals that even before the Truman Doctrine and the Marshall Plan were dreamed of, Russia was proceeding on the same path that has now been publicly marked out by the new Comintern.

Strictly speaking, the Comintern—the Third International founded by Lenin in 1919 to organize the working classes for world Communist revolution—was not "revived" by the Communist leaders of nine European nations who met in Poland last month. The "dissolution" of the Comintern in 1943 was only a war-time gesture, intended to dupe the more gullible people of the Western World into believing that the Communist goal of world revolution was a thing of the past. A mountain of evidence piled up during the past four years has proved that the Comintern has been doing business at the same old stand of Marx, Lenin and Stalin.

Communist-led governments have been planted in the Balkans, in Hungary and in northern Korea, after Communist fifth columns, aided by occupying Red armies, had prepared the way under orders from Moscow. Red leaders, like France's Duclos and Italy's Togliatti, have been moving back and forth between their national capitals and Moscow, getting and carrying out their orders. The farce of "dissolution" back in the simple-minded days of '43 is sufficiently indicated by the roster of old Comintern members who have been promoting Red revolution in Europe and who bobbed up at that meeting "somewhere in Poland."

The announcement from Moscow is couched in the "black-is-white" language favored by Stalin and Hitler. The new group will fight the "imperialists and anti-democratic camp," allegedly led by the United States, and will "strengthen the forces of socialism and democracy," directed from Russia. They will not only oppose the Truman Doctrine and the Marshall Plan, which they have been fighting all along, but will push the scheme of world revolution. The bases of operation will be Russia, France, Italy, Czechoslovakia, Poland, Romania, Yugoslavia, Hungary and Bulgaria.

Marx and Lenin counted on war to precipitate that revolution. Stalin is now counting on economic collapse following the war to prepare the way in Europe.

The announcement from Moscow is a declaration of political and economic war. It will be directed from Belgrade, capital of a Communist dictator whom Roosevelt and Churchill elevated to power. Those facts hold a grim lesson for any wishful thinkers about Russia who remain in the democratic countries.

Normalcy will be back when a motor car dealer again offers to sell a slightly used demonstrator, with new-car guarantee, for \$300 off.

Columbus Day

The greatness of Christopher Columbus was too much for his contemporaries, who saw him die penniless and unhonored. Out of the universality of homage that later generations were to pay his memory there comes to mind Swift's observation:

"When a true genius appears in the world, you may know him by this sign, that the dunces are all in confederacy against him."

Evidence of earlier Viking visitations to "Vineland" only adds lustre to his name, because they became fruitful in the sense along that Columbus derived from their vague story a part of the inspiration on which he acted. He was the true discoverer, perhaps the greatest of all history's pioneers.

He had the vision and courage to take the theories out of others and form them into a plan, to take this plan through mountainous adversity to realization, and then to set about to convince a doubtful world of the worth of the thing he had done.

Christopher Columbus' legacy to mankind is two continents, which now are his monument. But he also left with the nations of two hemispheres a challenge. That is the challenge of the realization that these two worlds must learn to live in peace if man is to ever again enjoy the fruits of his labor.

Russia is organizing satellite nations in a movement against the United States—a pretty compliment to a country presumed to be decadent.

Dairy expert says farmers can increase milk supplies by keeping their cows happy. Mere contentment is no longer enough.

Americans, who formerly were repeatedly urged to learn to understand the Russians, now do.

It is said Uncle Sam should take a wife. This is no time to start moving the furniture in Washington.

HOW TO KEEP WELL

By Dr. Theodore R. Van Dellen

To the limit of space, questions pertaining to the prevention of disease will be answered. Personal replies will be made, under proper limitations, when return stamped envelope is enclosed. Dr. Van Dellen will not make diagnoses or prescribe for individual diseases.

SENSIBLE DIET DURING PREGNANCY

MILK, eggs, meats, vegetables, fruits, and whole grain cereals should be included in the daily menus of every woman who is pregnant or nursing an infant. These foods provide all the elements that help to maintain strength and allow the child to grow and develop as he should.

Other edibles may be ingested to furnish calories and variety. It is not wise to put on too much weight during this period and 25 pounds is usually the limit. Thin women can afford to add more, whereas the plump do well to watch the scales more closely. All too often a stout, middle-aged matron can trace her excess poundage to the time when she carried Donald or Annabelle.

The necessity for good nutrition is greatest during the latter half of pregnancy. At least 85 grams (approximately 3 ounces) of protein daily are needed and slightly more for nursing mothers. A quart of milk contains 32 grams of protein, an egg 6, and a quarter of a pound of lean meat, 28 grams. These items will supply the major portion of the additional protein proteins from vegetables and cereals will make up the remainder.

One and one-half grams of calcium are required each 24 hours. Since this mineral is found in milk and other foods, the ration is met easily. In some instances, calcium tablets are recommended also but are seldom called for if enough milk is consumed. Furthermore, a little of the mineral in tablets is absorbed and consequently large doses have to be taken. For example, 20 to 30 of some varieties are equivalent to the amount in 1 quart of milk because the chemical in this fluid is of such a composition that when used in its natural state, it is practically all utilized. The same can be said of phosphorus.

The small percentage of iron (15 milligrams) needed can generally be obtained from meats, liver, eggs, potatoes, vegetables, fruits, cereals, and molasses. Each contains minute portions but, when combined, the demand is met. Medicinal iron is employed only if anemia is present.

The basic foods are high in vitamins. The daily requirement of vitamin A is 5,000 I.U. A quart of milk yields 1,500 but eggs, butter, fortified oleomargarine, liver, and dark green or yellow vegetables are rich in this substance. The riboflavin portion of vitamin B comes from meats, liver, and milk. A quart of the latter gives 1.7 milligrams and the requirement is 2.5 milligrams. Vitamin is found in these articles plus whole grain cereals, legumes, and enriched breads. A daily allowance of 1.8 milligrams is sufficient but if neuritis develops, supplements are prescribed.

Pregnancy creates a demand for vitamin C. Eight ounces of orange juice takes care of the daily requirements of 100 milligrams. Tablets are available if this volume of juice or other vitamin C foods cannot be taken. As a rule, some outside help is necessary with vitamin D as 800 I.U. are needed.

By selecting the menus carefully, mothers can eat wisely. Most of the essential nutrients are within the reach of every one. Meats are the most expensive but the choice cuts are sold for flavor, not choice value.

FLASHES OF HEAT

Mrs. M. K. writes: What would cause hot flashes associated with the menopause to continue beyond 70 years of age?

REPLY
This is unusual, although in many cases the flushes persist long after the completion of the change of life. It is questionable whether they result from glandular disturbances or are nervous in origin.

NO
J. C. writes: Is there a vitamin I can take to control fatty lumps behind the ears?

REPLY
Most fatty lumps under the skin are cysts or pimples and lesions and are in no way related to vitamins.

It Says Here

By BOB HOPE

Frankly, I'm shocked.

The forthcoming marriage of Princess Elizabeth to Lt. Philip Mountbatten is throwing royal decorum out the palace windows.

The news has gotten out that men attending the wedding may wear lounge suits and women may wear hats instead of diadems.

I hear that at this moment Emily Post is frantically phoning Westminster Abbey yelling, "I object."

I can just see the Princess standing there looking radiant in her beautiful gown, the bridegroom so dashing in his cutaway, and the best man so relaxed in his two-tone sports jacket and burlap knickers.

They are expecting 2,000 guests. I heard that they wanted to make it a smaller wedding, but since they're allowing women to wear hats half the guests won't be able to see anyway.

They're really economizing. They're cutting expenses so much that on the royal honeymoon they will have only one lady-in-waiting and one Scotland Yard detective. Not only that—they have requested that the detectives be experienced at playing guitars under balcony windows.

But I think it's wonderful that the royal couple is so modern. When their first banquet is written up it will probably say, "The entire meal had a joyous atmosphere. As the orchestra played in the background the Princess and her escort arose and joined the chorus in the stirring finale to 'Chi-Baba Chi-Baba.'"

The Washington Merry-Go-Round

Food Committee Couldn't Agree On Meatless Tuesday; Truman Tilted Scales On Decision; Most Committee Members Pledged Support To Plan

Says DREW PEARSON

WASHINGTON, Oct. 12.—News-papers gave considerable space to the first press conference staged by Food Committee Chairman Chuck Luckman and the fact that newsmen severely rattled his usually suave and polished aplomb.

But what the newspapers did not know was that Luckman had just come from a backstage battle within his Committee over meatless Tuesday and the only thing he really had to announce was that the Committee was split wide open. Not wishing to reveal this, he couldn't reveal much of anything.

What happened behind the scenes was that when Luckman's Committee couldn't agree, President Truman, who has a deep personal conviction about the importance of food to the nation, virtually took the bit in his teeth. He tilted the scales in favor of the meatless Tuesday.

The whole matter was not decided, however, until shortly before the President went on the radio Sunday.

Briefly, here is the backstage by-play:

When Luckman called the Citizens Food Committee together, Mrs. Kathryn Stone of the League of Women Voters staunchly opposed a meatless day.

"There's no sense asking housewives to observe a meatless day when men of them already are observing one or more meatless days a week, due to high prices," Mrs. Stone declared. "The first thing we've got to do if we want to save grain and bring down meat prices is cut down the amount of grain being fed to cattle."

In fact, Mrs. Stone was for much stronger measures and urged that the President call a special session of Congress to deal with the entire problem of European relief and inflation. On November 1, she pointed out, installment credit-buying restrictions expire and this will give a further boost to inflation.

"Furthermore," Mrs. Stone added, "you've got to tell the American women the whole story behind the need for conserving food if you expect them to have the political maturity to co-operate wholeheartedly. You've got to tell them exactly why it is so vital to our own welfare that we help friendly European nations. That hasn't been done."

Others who came out against a meatless day and for a special session of Congress were James Patton, head of the National Farmers' Union, and Don Montgomery, right-hand man of CIO president Phil Murray.

"A meatless day is impractical and I doubt very much that it will work," declared Montgomery at the closed-door session. "The first thing we ought to do is to stop overfeeding of wheat to cattle. We derive only one-seventh of the original caloric content of wheat in the piece of meat from grain-fed cattle. The other six-sevenths are lost in the feeding." Another who voiced strong objections was George LeSavage of the National Restaurant Association.

"The restaurants tried a meatless day in the Spring of

1946 and it was a failure. The public doesn't want to eat less."

There have been a number of recent broadcasts of notable high

profile, which have enlisted the efforts of our most distinguished citizens. To relieve the tedium of constant writing about commercial radio, it might be interesting to examine the work of these high-placed amateurs. Their special broadcast concerning the world food problem which emanated a week ago from the White House brought forth easily the most distinguished guest in years and it was, I should say, that the successful effort to generate interest in a problem in self-denial that confronts us all.

There's no point in going over the text, which has already been more adequately covered in the newspapers, but it ought to be pointed out that the presentation from the point of view of showmanship was brilliant. Secretary of State George C. Marshall's leading off, summed up his whole argument with the words: "Each man and woman will exert a direct influence on foreign affairs." Somebody apparently has slimmed down the General's sentences, which used to run to about seventy-six words apiece and were so ponderous that it was difficult to follow them. The subject, incidentally, fits his personality; his voice is grave, measured and carries with it the weight and terrible authority of a man whose integrity is unassailable.

The whole broadcast was studded with biting phrases. Secretary of Agriculture Clinton P. Anderson spoke of "the hunger that feeds on the body, thus destroying man." And his colleague, Secretary of Commerce W. Averell Harriman, declared after him: "The job can only be done by a world wide effort, that is, the world survive, half-famished, half-fed?" inquired Charles Luckman, chairman of the Citizens Food Committee.

Mr. Luckman, in fact, was the most effective of all the speakers, not for his delivery but for what he had to say. As president of Lever Brothers Company, Luckman is up to his ears in radio sponsorship; therefore, it was interesting to note that he possesses a radio voice of overwhelming ineptitude. He delivered his appeal for conservation in a slow sing-song voice which was more than counterbalanced by the man's deep sincerity and which somehow emphasized rather than diminished the urgency of the ques-

tion. And, as I recall, during the first world war," said LeSavage. "It didn't work then. In my opinion it won't work now. Another thing, what are you going to do about hamburger and frankfurter stands? Most of them operate on small margins of profit, depending on volume sales. They may be forced to the wall if they have to observe a meatless day."

On the other hand, some Committee members, including Albert Goss of the National Grange, thought a meatless day would work if the general public were sufficiently impressed with the need of stopping starvation and Communism in Europe. But farm leader Goss strongly objected to the special-session demands of Mrs. Stone, Montgomery and Patton.

"Lowering prices will increase consumption, but it will not provide more food," asserted Goss. "We can conserve food only by voluntary action of the public. And if we save more food than, in itself, will increase supplies and therefore bring down prices. This crisis can be

handled without calling Congress back into session."

Split Vote

When a final vote was taken the Committee was split about 50-50 on a meatless Tuesday. So Luckman didn't press the point. When he reported this to the President, however, Truman was quite emphatic.

"We've got to make up our minds that we can't lick this problem with half-way, namby-pamby measures," he told Luckman, in effect. "There are certain simple specific ways to conserve food. One is a meatless day. I'm going to recommend it to the nation."

Luckman didn't have to be sold on this. He had already argued eloquently but vainly for a meatless day, and now he put in long-distance calls to Mrs. Stone, Jim Patton and others to tell them how the President felt. Most of them withdrew their objection. So, by the time Mr. Truman went on the air with his radio appeal to the nation, most Food Committee members had pledged their support.

ON THE LINE

by BOB CONSIDINE

International News Service Staff Writer

DETROIT, Oct. 12.—(INS)—Side-glances at celebrities—Young Walter O. "Spike" Briggs, son of the founder and owner of the Briggs Manufacturing Company, was called in to negotiate a new contract with the UAW-CIO not long ago.

The former Eighth Air Force officer produced the company books of the Detroit plant and pointed out the huge losses suffered during the previous year because of strikes in industries supplying the auto body—building plant.

But Jess Ferrazza, chief spokesman for the local concern, said that the Briggs could dip into capital, and that if the new terms were not met that he would order a walkout.

Young Briggs signed, agreeing to all demands. The daily ceremony has done a photograph of him as he would pose with Ferrazza, "Spike" agreed. The parties of the first and second parts stood there stiffly for a moment, while the cameraman set up his gear.

Then "Spike" grinned. He held out his hand to the union leader. "Here," he said, "take my hand, Jess—you've just taken everything else."

George Christensen, the mammoth former All-American gridman from Oregon and later a star with the Detroit Lions, is one of the most successful and most-travelled businessmen of Detroit these days. Big George deals in industrial diamonds and his business throughout the world these days somewhat alarms him. It can be a harbinger.

The biggest gem diamonds in the world are owned today by the New York jeweler, Winston George. He has one whose sales tag is a million dollars, and it is just what he needs for a larger rock of which his expert has knocked smaller diamonds worth an aggregate of perhaps two more million.

George scoffed at a recent story that Winston's expert almost suffered a nervous breakdown while performing the task of cracking a particularly large stone in two with a cutting chisel.

"Not true," George said. "He trained for that one tap he gave the stone by spending a few healthful days in the country, getting himself properly relaxed."

Babe Ruth almost was used by the Navy as a peace emissary in the difficult days between V-E Day and the dropping of the atomic bombs on Hiroshima and Nagasaki.

A hush-hush Navy plan called for Ruth to be flown to fleet headquarters in the Pacific and then to be painted white and sent to the coast of Japan.

From that point, heavily protected, he was to broadcast a plea to the people to call off their suicidal resistance. Babe had been a tremendous figure in Japan ever since his trip there with some less baseball figures in 1934. He attracted idolatrous crowds, and it was felt that his appeal to those mobs might have great effect on the appetite of the Japanese home front for continuation of the war.

The plan further called for Ruth to ask the Japanese government to send out emissaries to the white destroyer. They would have been guaranteed safe passage through the minefields of the U.S. fleet.

But the thing fell through, probably because the Army, Navy and Air Force top brass figured that if the Japs surrendered to Babe they'd never be able to wring much of an appropriation out of Congress for future activities. They feared that Congress might figure that all we need in future conflicts was Babe.

Young Henry Ford II looked up from his desk long enough the other day to tell a reporter:

"Next year's Ford is going to be as radically different from this year's as the Model A was when it replaced grandfather's Model T."

Your reporter, who had a little luck the last time he was here—in the matter of piercing the iron curtain of secrecy which the auto industry throws around its new models—couldn't get a gaffer at the new Fords. But they will not have a rear engine nor a tear-drop shape.

Baering Down On The News

By ARTHUR "BUGS" BAER

The Republicans and the Democrats debated this week on who's doing what to who. They know when.

The main dish in the argument was the high cost of fooding. While the political opponents were pointing the digit of alarm at each other our boy friend Hannegan took a powder.

THESE DAYS

By George E. Sokolsky

The Third International

ON May 22, 1943, it was announced from Moscow that the Third International, organized in 1910 to promote world revolution, had been abolished on May 15. The resolution of dissolution said that Communists "have never been supporters of organizational forms that have outlived themselves." Washington and London greeted this announcement with joy; Berlin called it a "gigantic bluff."

Communists signing the manifesto were: Dimitroff, Bulgarian; Zhdanov, Russian; Kunin, Finnish; Manuisky, former Comintern secretary; Marty and Thorez, French; Gottwald, Czech; Pick and Koplenig, German; Ercoli, Italian; Kolarov and Floring; also, Ibaruri, Spanish; Rakosi, Hungarian; Bianco, Italian; Lehtinen, Finnish; Pauker, Rumanian.

Let us look at some of these names:

Dimitroff is now the head of the Communist puppet state of Bulgaria. Zhdanov represented Russia at the reorganization meeting of the Third International in Poland. Manuisky represented the Ukraine at UN Thorez heads the French Communist movement in association with Duclos. Gottwald is the Communist Premier of Czechoslovakia. Ercoli is another name for Togliatti, who, like Thorez, emerged from Moscow after the war, to take control of Italy. Rakosi and Pauker have turned their respective countries into Russian puppets.

The proof that the dissolution of the Third International was a "gigantic bluff" lies in the fact that all the officers of that body, with the exception of Earl Browder in the United States, took up their respective stations as soon as the war was over and have since served the ideals, principles and policies of the Third International in the most disciplined and coordinated manner. Yet, it was possible for Cordell Hull, Secretary of State, to say at the time, that its dissolution was certain to "promote a greater degree of trust among the United Nations."

I wrote on May 26, 1943: "But there is no particular reason for believing that the Comintern is necessarily dead. When Karl Marx found that the First International was a nuisance, he transferred its headquarters from London to New York, taking it outside the course of European Socialist activity and thus killing it. But the Second International came to

life. And a Third, in time. And a Fourth, in time. And a Fifth, in time. And a Sixth, in time. And a Seventh, in time. And an Eighth, in time. And a Ninth, in time. And a Tenth, in time. And an Eleventh, in time. And a Twelfth, in time. And a Thirteenth, in time. And a Fourteenth, in time. And a Fifteenth, in time. And a Sixteenth, in time. And a Seventeenth, in time. The "Revived" Comintern And The Truman Doctrine

The new Communist International has declared war on "Western imperialism," which, interpreted, means that Communist-dominated countries and Communist parties everywhere will try to wreck the Marshall Plan and even obstruct American food relief to hungry Europe.

Such obstruction will do nothing to brighten the near future of humanity. But Americans cannot say they were not warned in advance. As early as just after the defeat of Germany they should have suspected, from the Russian action in Poland, what they were in for.

Before the Yalta Conference in early 1945 the United States, Great Britain and Soviet Russia agreed to divide Germany into four occupation zones. At Yalta it was resolved that the fixing of the Western frontier of Poland should wait upon the German peace conference—which has not yet been held. Then, even before the Potsdam Conference, Russia transferred all German territory east of the Nisse River to Poland. That was done without consulting Washington or London, on the excuse of "military necessity." Stalin himself drew the Polish-German frontier, and has insisted ever since that that frontier must hold.

This action involved a huge transfer of population. Before the war the area contained 9,000,000 Germans. By the time of Potsdam, there were about 2,000,000 Germans left. The Soviet decision drove most of these Germans, like the millions who preceded them, into the occupation areas of Britain and the United States. At the same time, it deprived Germany of one-fourth of her prewar arable land.

The whole Soviet program reveals that even before the Truman Doctrine and the Marshall Plan were dreamed of, Russia was proceeding on the same path that has now been publicly marked out by the new Comintern.

Strictly speaking, the Comintern—the Third International founded by Lenin in 1919 to organize the working classes for world Communist revolution—was not "revived" by the Communist leaders of nine European nations who met in Poland last month. The "dissolution" of the Comintern in 1943 was only a war-time gesture, intended to dupe the more gullible people of the Western World into believing that the Communist goal of world revolution was a thing of the past. A mountain of evidence piled up during the past four years has proved that the Comintern has been doing business at the same old stand of Marx, Lenin and Stalin.

Communist-led governments have been planted in the Balkans, in Hungary and in northern Korea, after Communist fifth columns, aided by occupying Red armies, had prepared the way under orders from Moscow. Red leaders, like France's Duclos and Italy's Togliatti, have been moving back and forth between their national capitals and Moscow, getting and carrying out their orders. The farce of "dissolution" back in the simple-minded days of '43 is sufficiently indicated by the roster of old Comintern members who have been promoting Red revolution in Europe and who bobbed up at that meeting "somewhere in Poland."

The announcement from Moscow is couched in the "black-is-white" language favored by Stalin and Hitler. The new group will fight the "imperialists and anti-democratic camp," allegedly led by the United States, and will "strengthen the forces of socialism and democracy," directed from Russia. They will not only oppose the Truman Doctrine and the Marshall Plan, which they have been fighting all along, but will push the scheme of world revolution. The bases of operation will be Russia, France, Italy, Czechoslovakia, Poland, Romania, Yugoslavia, Hungary and Bulgaria.

Marx and Lenin counted on war to precipitate that revolution. Stalin is now counting on economic collapse following the war to prepare the way in Europe.

The announcement from Moscow is a declaration of political and economic war. It will be directed from Belgrade, capital of a Communist dictator whom Roosevelt and Churchill elevated to power. Those facts hold a grim lesson for any wishful thinkers about Russia who remain in the democratic countries.

Normalcy will be back when a motor car dealer again offers to sell a slightly used demonstrator, with new-car guarantee, for \$300 off.

Columbus Day

The greatness of Christopher Columbus was too much for his contemporaries, who saw him die penniless and unhonored. Out of the universality of homage that later generations were to pay his memory there comes to mind Swift's observation:

"When a true genius appears in the world, you may know him by this sign, that the dunces are all in conspiracy against him."

Evidence of earlier Viking visitations to "Vineland" only adds luster to his name, because they became fruitful in the sense along that Columbus derived from their vague story a part of the inspiration on which he acted. He was the true discoverer, perhaps the greatest of all history's pioneers.

He had the vision and courage to take the theories out of others and form them into a plan, to take this plan through mountainous adversity to realization, and then to set about to convince a doubtful world of the worth of the thing he had done.

Christopher Columbus' legacy to mankind is two continents, which now are his monument. But he also left with the nations of two hemispheres a challenge. That is the challenge of the realization that these two worlds must learn to live in peace if man is to ever again enjoy the fruits of his labor.

Russia is organizing satellite nations in a movement against the United States—a pretty compliment to a country presumed to be decadent.

Dairy expert says farmers can increase milk supplies by keeping their cows happy. Mere contentment is no longer enough.

Americans, who formerly were repeatedly urged to learn to understand the Russians, now do.

It is said Uncle Sam should take a wife. This is no time to start moving the furniture in Washington.

HOW TO KEEP WELL

By Dr. Theodore R. Van Dellen

To the limit of space, questions pertaining to the prevention of disease will be answered. Personal replies will be made, under proper limitations, when return stamped envelope is enclosed. Dr. Van Dellen will not make diagnoses or prescribe for individual diseases.

SENSIBLE DIET DURING PREGNANCY

MILK, eggs, meats, vegetables, fruits, and whole grain cereals should be included in the daily menu of every woman who is pregnant or nursing an infant. These foods provide all the elements that help to maintain strength and allow the child to grow and develop as he should.

Other edibles may be ingested to furnish calories and variety. It is not wise to put on too much weight during this period and 25 pounds is usually the limit. Thin women are apt to add more weight than the plump do well to watch the scales more closely. All too often a stout, middle aged matron can trace her excess poundage to the time when she carried Donald or Annabelle.

The necessity for good nutrition is greatest during the latter half of pregnancy. At least 85 grams (approximately 3 ounces) of protein daily are needed and slightly more for nursing mothers. A quart of milk contains 32 grams of protein, an egg 6, and a quarter of a pound of lean meat, 28 grams. These items will supply the major quota and the additional plant proteins from vegetables and cereals will make up the remainder.

One and one-half grams of calcium are required each 24 hours. Since this mineral is found in milk and other foods, the ration is met easily. In some instances, calcium tablets are recommended also but are seldom called for if enough milk is consumed. Furthermore, little of the mineral in tablets is absorbed and considerable quantities have to be taken. For example, 20 to 30 of some varieties are equivalent to the amount in 1 quart of milk because the chemical in this fluid is of such a composition that when used in its natural state, it is practically absorbed. The same can be said of phosphorus.

The small percentage of iron (15 milligrams) needed can generally be obtained from meats, liver, eggs, potatoes, vegetables, fruits, cereals, and molasses. Each contains minute portions but, when combined, the demand is met. Medicinal iron is employed only if anemia is present.

The basic foods are high in vitamins. The daily requirement of vitamin A is 6,000 I.U. A quart of milk yields 1,500 but eggs, butter, fortified oleomargarine, liver, and dark green or yellow vegetables are rich in this substance. The riboflavin portion of vitamin B comes from meats, liver, and milk. A quart of the latter gives 17 milligrams and the other 2.5 milligrams. Thiamin is found in these articles plus whole grain cereals, legumes, and enriched breads. A daily allowance of 1.8 milligrams is sufficient but if neuritis develops, supplements are prescribed.

Pregnancy creates a demand for vitamin C. Eight ounces of orange juice takes care of the daily requirements of 100 milligrams. Tablets are available if this volume of juice or other vitamin C foods cannot be taken. As a rule, some outside help is necessary with vitamin D as 800 I.U. are needed.

By selecting the menus carefully, mothers can eat wisely. Most of the essential nutrients are within the reach of every one. Meats are the most expensive but the choice cuts are sold for flavor, not food value.

FLASHES OF HEAT
Mrs. M. K. writes: What would cause hot flashes associated with the menopause to continue beyond 70 years of age?

REPLY
This is unusual, although in many cases the flushes persist long after the completion of the change of life. It is questionable whether they result from glandular disturbances or are nervous in origin.

NO
J. C. writes: Is there a vitamin I can take to control fatty lumps behind the ears?

REPLY
Most fatty lumps under the skin are cysts or pimplelike lesions and are in no way related to vitamins. (Copyright, 1947, by The Chicago Tribune)

It Says Here

By BOB ROPE

Frankly, I'm shocked. The forthcoming marriage of Princess Elizabeth to Lt. Philip Mountbatten is throwing royal decorum out the palace windows.

The news has gotten out that men attending the wedding may wear lounge suits and women may wear hats instead of diadems.

I hear that at this moment Emily Post is frantically phoning Westminster Abbey yelling, "I object."

I can just see the Princess standing there looking radiant in her beautiful gown, the bridegroom so dashing in his cutaway, and the best man so relaxed in his two-tone sports jacket and burlap knickers.

They are expecting 2,000 guests. I heard that they wanted to make it a smaller wedding, but since they're allowing women to wear hats half the guests won't be able to see anyway.

They're really economizing. They're cutting expenses so much that on the royal honeymoon they will have only one lady-in-waiting and one Scotland Yard detective. Not only that—they have requested that the detectives be experienced at playing guitars under balcony windows.

But I think it's wonderful that the royal couple is so modern. When their first banquet is written up it will probably say, "The entire meal had a joyous atmosphere. As the orchestra played in the background the Princess and her escort arose and joined the chorus in the stirring finale to 'Hi-Baba Chi-Baba.'"

The Washington Merry-Go-Round

Food Committee Couldn't Agree On Meatless Tuesday; Truman Tilted Scales On Decision; Most Committee Members Pledged Support To Plan

Says DREW PEARSON

WASHINGTON, Oct. 12.—News-papers gave considerable space to the first press conference staged by Food Committee Chairman Chuck Luckman and the fact that newsmen severely rattled his usually suave and polished aplomb.

But what the newspapers did not know was that Luckman had just come from a backstage battle within his Committee over meatless Tuesday and the only thing he really had to announce was that the Committee was split wide open. Not wishing to reveal this, he couldn't reveal much of anything.

What happened behind the scenes was that when Luckman's Committee couldn't agree, President Truman, who has a deep personal conviction about the importance of food to Europe, virtually took the bit in his teeth. He tilted the scales in favor of the meatless Tuesday.

The whole matter was not decided, however, until shortly before the President went on the radio Sunday.

Briefly, here is the backstage by-play: When Luckman called the Citizens Food Committee together, Mrs. Kathryn Stone of the League of Women Voters staunchly opposed a meatless day.

"There's no sense asking housewives to observe a meatless day when many of them already are observing one or more meatless days a week, due to high prices," Mrs. Stone declared. "The first thing we've got to do if we want to save grain and living meat prices is to do the best job of grain being fed to cattle."

In fact, Mrs. Stone was for much stronger measures and urged that the President call a special session of Congress to deal with the problem of European relief and inflation. On November 1, she pointed out, installment credit-buying restrictions expire and this will give a further boost to inflation.

"Furthermore," Mrs. Stone added, "you've got to tell the American women the whole story behind the need for conserving food if you expect them to have the political maturity to co-operate wholeheartedly. You've got to tell them exactly why it is so vital to our own welfare that we help friendly European nations. That hasn't been done."

Others who came out against a meatless day and for a special session of Congress were James F. Ferraz, head of the National Farmers' Union, and Don Montgomery, right-hand man of CIO president Phil Murray.

"A meatless day is impractical and I doubt very much that it will work," declared Montgomery at the closed-door session. "The first thing we ought to do is to stop overfeeding of wheat to cattle. We derive only one-seventh of the original caloric content of wheat in a piece of meat from grain-fed cattle. The other six-sevenths are lost in the feeding." Another who voiced strong objections was George LeSavage of the National Restaurant Association.

"The restaurants tried a meatless day in the Spring of

RADIO IN REVIEW

By JOHN CROSBY

Amateur Hour

There have been a number of recent broadcasts of notable high purpose which have enlisted the efforts of our most distinguished citizens.

To relieve the tedium of constant writing about commercial radio, it might be interesting to examine the work of these high-placed amateurs. The special broadcast concerning the world food problem which emanated from the White House brought forth easily the most distinguished cast in years and it was, I should say, the most successful effort to generate interest in a problem in self-denial that confronts us all.

There's no point in going over the text, which has already been more adequately covered in the newspapers, but it ought to be pointed out that the program, from the point of view of showmanship, was brilliant. Secretary of State George C. Marshall, leading off, summed up his whole argument with the words: "Each man and woman will exert a direct influence on foreign affairs. Somebody apparently has slumped down the General's sentences, which used to run to about seventy-six words apiece and were so ponderous that it was difficult to follow them from subject to predicate. The General's delivery, incidentally, fits his personality: his voice is grave, measured and carries with it the weighty and terrible authority of a man whose integrity is unassailable.

The whole broadcast was studied with biting phrases. Secretary of Agriculture Clinton P. Anderson spoke of "the hunger that feeds on the body, thus destroying man." And his colleague, Secretary of Commerce W. Averell Harriman, declared after him "The job can only be done by all of us, by each of us." "Can the world survive, half-famished, half-fed?" inquired Charles Luckman, chairman of the Citizens Food Committee.

Mr. Luckman, in fact, was the most effective of all the speakers, not for his delivery but for what he had to say. As president of Lever Brothers Company, Luckman is up to his ears in radio sponsorship; therefore, it was interesting to note that he possesses a radio voice of overwhelming ineptitude. He delivered his appeal for conservation in a slow sing-song voice which was more than counterbalanced by the man's deep sincerity and which somehow emphasized rather than diminished the urgency of the ques-

tion. Mr. Dewey, a man keenly reluctant to become pinned down on the larger issues, does very well. The Governor spoke spiritedly of the need for an amendment which would permit the state to construct ski trails in its forest preserves.

The health of the citizenry, he said, would be greatly enhanced if they were permitted greater access to winter sports. I have no intention of contradicting this statement. Both Mr. Dewey's delivery and his prose style have become more refined since I first heard him during his campaign for District Attorney many years ago. He proceeded from point to point with characteristic precision, and his baritone, while still in evidence, has been relegated to the background. However, he still sounds a little stuffy and his talks, smooth as they are, remain oddly unexciting.

(Copyright, 1947, N. Y. Herald Tribune, Inc.)

1945 and, as I recall, during the first world war," said LeSavage. "It didn't work then. In my opinion it won't work now. Another thing, what are you going to do about hamburger and frankfurter stands? Most of them operate on small margins of profit depending on volume sales. They may be forced to the wall if they have to observe a meatless day."

On the other hand, some Committee members, including Albert Goss of the National Grange, thought a meatless day would work if the general public were sufficiently impressed with the need of stopping starvation and Communism in Europe. But farm leader Goss strongly objected to the special-session demands of Mrs. Stone, Montgomery and Patton.

"Lowering prices will increase consumption, but it will not provide more food," asserted Goss. "We can conserve food only by voluntary action of the public. And if we save more food than, in itself, will increase supplies and therefore bring down prices. This crisis can be

handled without calling Congress back into session."

Split Vote
When a final vote was taken the Committee was split about 50-50 on a meatless Tuesday. So Luckman didn't press the point. When he reported this to the President, however, Truman was quite emphatic.

"We've got to make up our minds that we can't lick this problem with half-way, namby-pamby measures," he told Luckman, in effect. "There are certain simple specific ways to conserve food. One is a meatless day. I'm going to recommend it to the nation."

Luckman didn't have to be sold on this. He had already argued eloquently but vainly for a meatless day, and now he put in long-distance calls to Mrs. Stone, Jim Patton and others to tell them how the President felt. Most of them withdrew their objection. So, by the time Mr. Truman went on the air with his radio appeal to the nation, most Food Committee members had pledged their support.

DETROIT, Oct. 12.—(INS)—Side-glances at celebrities—Young Walter O. "Spiky" Briggs, son of the founder and owner of the Briggs Manufacturing Company, was called in to negotiate a new contract with the UAW-CIO not long ago.

The former Eighth Air Force officer produced the company books and pointed out the huge losses suffered during the previous year because of strikes.

"The Spiky" is in the business supplying the auto body - building plant.

But Jess Ferraz, a spokesman for the local union, said that the Briggs could dip into capital, and that if the new terms were not met that he would order a walkout.

Young Briggs signed, agreeing to all demands. When the ceremony was done a photographer asked him if he would pose with Ferraz. "Spiky" agreed. The parties of the first and second parts stood there stiffly for a moment, while the cameraman set up his gear.

"The Spiky" grinned. He held out his hand to the union leader. "Here," he said, "take my hand, Jess—you've just taken everything else."

George Christensen, the mammoth former All-American gridman from Oregon, came to a stand with the Detroit Lions, is one of the most successful and most-travelled businessmen of Detroit these days.

Big George deals in industrial diamonds, and his business throughout the world these days somewhat alarms him. It can be a harbinger, he says, of the end of the world.

Another well known citizen who has taken to the air recently is Mrs. Franklin D. Roosevelt, who presides as moderator of a discussion program on United Nations affairs. (World Security Workshop, A. B. C. 12-30 p. m. EST Sundays).

This program is aimed at women, and two United Nations observers on hand each week to ask questions of various U. N. officials and delegates. The first discussion dwelt on the charges of warmongering leveled by the Russians against the American press.

Mrs. Roosevelt's enormous personal charm does not, I regret to say, come over very well on the radio. Microphones appear to make her nervous; her voice breaks into falsetto and she still giggles at the worst possible moments. She was asked, for example, how the Russian press covered the Marshall Plan in comparison to United States coverage of the Vishinsky diatribe against the country. "Well, of course," replied Mrs. Roosevelt, "they didn't give any coverage (giggle) to General Marshall's plan as we did to (giggle) Vishinsky's statement." Mrs. Roosevelt, I'm sure, didn't intend it that way but nevertheless it gave a rather feminine and frothy air to an essentially serious subject. Radio still requires a certain amount of polish and material and the excellence of one can be negated by the paucity of the other.

An entirely opposite case in point was that of Governor Thomas E. Dewey, who exhibited himself briefly to New York listeners last week in a speech concerning proposed amendments to the state constitution. It was the sort of speech which Mr. Dewey, a man keenly reluctant to become pinned down on the larger issues, does very well. The Governor spoke spiritedly of the need for an amendment which would permit the state to construct ski trails in its forest preserves. The health of the citizenry, he said, would be greatly enhanced if they were permitted greater access to winter sports. I have no intention of contradicting this statement.

International News Service Staff Writer

DETROIT, Oct. 12.—(INS)—Side-glances at celebrities—Young Walter O. "Spiky" Briggs, son of the founder and owner of the Briggs Manufacturing Company, was called in to negotiate a new contract with the UAW-CIO not long ago.

The former Eighth Air Force officer produced the company books and pointed out the huge losses suffered during the previous year because of strikes.

"The Spiky" is in the business supplying the auto body - building plant.

But Jess Ferraz, a spokesman for the local union, said that the Briggs could dip into capital, and that if the new terms were not met that he would order a walkout.

Young Briggs signed, agreeing to all demands. When the ceremony was done a photographer asked him if he would pose with Ferraz. "Spiky" agreed. The parties of the first and second parts stood there stiffly for a moment, while the cameraman set up his gear.

"The Spiky" grinned. He held out his hand to the union leader. "Here," he said, "take my hand, Jess—you've just taken everything else."

George Christensen, the mammoth former All-American gridman from Oregon, came to a stand with the Detroit Lions, is one of the most successful and most-travelled businessmen of Detroit these days.

Big George deals in industrial diamonds, and his business throughout the world these days somewhat alarms him. It can be a harbinger, he says, of the end of the world.

THESE DAYS

By George E. Sokolsky

The Third International

ON May 22, 1943, it was announced from Moscow that the Third International, organized in 1919 to promote world revolution, had been abolished on May 15. The resolution of dissolution said that Communists "have never been supporters of organizational forms that have outlived themselves." Washington and London greeted this announcement with joy; Berlin called it a "gigantic bluff."

Communists signing the manifesto were: Dimitroff, Bulgarian; Zhdanov, Russian; Kuusinen, Finnish; Manuilsky, former Comintern secretary; Marty and Thorez, French; Gottwald, Czech; Pick and Koplenik, German; Ercoli, Italian; Kolarov and Floring, also, Italian; Rakosi, Hungarian; Bianco, Italian; Lehtinen, Finnish; Pauker, Rumanian.

Let us look at some of these names:

Dimitroff is now the head of the Communist puppet state of Bulgaria. Zhdanov represented Russia at the reorganization meeting of the Third International in Poland. Manuilsky represented the Ukraine at UN. Thorez heads the French Communist movement and is in contact with Duclos, Gottwald is the Communist Premier of Czechoslovakia. Ercoli is another name for Togliatti, who, like Thorez, emerged from Moscow after the war, to take control of Italy. Rakosi and Pauker have turned their respective countries into Russian puppets.

The proof that the dissolution of the Third International was a "gigantic bluff" lies in the fact that all the officers of that body, with the exception of Earl Browder in the United States, took up their respective stations as soon as the war was over and have since served the ideals, principles and policies of the Third International in the most disciplined and coordinated manner. Yet, it is possible for Cordell Hull, Secretary of State, to say at the time, that its dissolution was certain to "promote a greater degree of trust among the United Nations."

I wrote on May 26, 1943: "But there is no particular reason for believing that the Comintern is necessarily dead. When Karl Marx found that the First International was a nuisance, he transferred its headquarters from London to New York, taking it outside the course of European Socialist activity and thus killing it. But the Second International came to

life. And a Third, in time. And Trotsky tried from Mexico to organize a Fourth. When the time comes that like-minded men need an instrument for common action, a common purpose, they create an instrument for their achievement. And when that instrument no longer serves they cast it aside—and forge another."

It is interesting, in view of what has occurred in Europe during the past two years, to quote this statement of Stalin:

"We have not nor can we have such war aims

PITCHING HORSESHOES by Billy Rose

Mr. Joe Stalin
Kremlin
Moscow
Dear Uncle Joe,

A couple of weeks back, Comrade Boris Gorbato wrote a piece for a Moscow gazette in which he compared President Truman with Hitler. To throw out the first adjective at the opening of a new soap box in Union Square, (b) became recording secretary of the Beekman Place cell, and (c) finance a play in which little Tronya is saved from a fate worse than death by the Five-Year Plan.

I think you ought to get Gorbato into the basement of the Liebutzka and give him a good talking to. Boris should be warned against exposing the stomach on which Molotov has stamped "Top Secret."

In addition, it might be well to point out to him the technique he used in the anti-Truman piece is pretty corny. This business of quoting a line out of context isn't fooling the American motik any longer. When a show gets a bum set of notices, you can no longer bamboozle theatre-goers by quoting isolated phrases and adjectives from the reviews. The capitalist newspapers refuse to run such ads. Moreover, the courts have decided that lifting a line to distort its meaning is in the same class with peddling uranium-plated bricks.

Now that we have announced the re-establishment of the Comintern, I think your publicity boys had better watch their releases. I sense a growing allergy around here to anything pink. Eleanor recently replaced her pink note paper with baby blue. A reactionary corporation is running ads warning people against pink toothbrush. Recently a canning outfit put out a new brand of salmon—white meat. It gathered dust on the grocers' shelves until every can was labeled "This salmon is guaranteed not to turn pink."

We might as well face it, Uncle Joe. The only Marx who carries any weight in these parts is Groucho. When your propaganda boys quote from my cotton-candy column in the future, tell them to be a bit more careful. It would be a fine howdy-do if their bumbling resulted in my column being chucked out of the Waterbury Republican.

And speaking of the column, how come you're not running it anywhere in Russia? The bossman of my syndicate informs me there's a lot of territory open between Minsk and Vladivostok.

Yours for the revolution,
Billy Rose
(Copyright, 1947, by Billy Rose)
(Distributed by The Bell Syndicate, Inc.)

I jumped when I read this. I knew that somewhere our wires had gotten crossed. I remembered your sealed instructions handed me by Operative K-9—"Work quietly. Not even paid-up members must know we have entrusted you with the territory between 53rd and 55th Streets." By publicly hooking me up with the Kremlin, Comrade Gorbato was jeopardizing all the work I had done to ingratiate myself with the Tories. "Someone is going to get his knuckles rapped for this," I told myself.

Three Men Sentenced In Police Court

Three men were committed to the city jail Saturday morning in default of fines for three-day sentences imposed by Magistrate Frank A. Perdue in Police Court.

Robert Logue, Meyersdale, Pa., arrested by Officer John Snyder, was committed on a drunk and disorderly conduct charge. Thomas Sitter, city, was found guilty of being drunk. He was arrested by Officers John Powers and E. M. Powell.

Benjamin Smith, city, arrested by Officer Powers, was also committed in default of fine on charges of being drunk.

Attempted Robbery Probe

Police were called Saturday to investigate a possible breaking and entering at St. Mary's Parochial School, Oldtown Road. School officials told police they heard noises in the building about 5:15 p. m.

Police said they found a door on the west side of the building that had been forced open, but declared a check showed nothing had been taken.

The highest pedestrian death rate is in the 65 years or older group, the National Safety Council says. One reason is that older people do not recover from injury as easily as the young.

Advice To The Lovelorn

Is Common Background Necessary
For A Successful Marriage?

By BEATRICE FAIRFAX
Famous Authority on Problems of Love
and Marriage

"My problem," writes a girl of 27, "goes something like this: 'I have been dating a fellow about my own age fairly regularly for the past eight months. We have had some good times together and have a good deal in common. Recently he told me of his deep affection for me, which I know to be true, not only because he has declared it but by his actions. I am very fond of him, only I am not sure whether or not it is love. Somehow I seem to be fighting myself over making a decision.'

"As my mother has pointed out, and I well realize, this boy does not have a very good education. He did not even graduate from high school. He has his own trade, however, and a fairly good job, although he is not financially ready for marriage at present.

"Mother also has pointed out that he acts much younger than I, which I admit is probably true, for I have usually acted older than my years. He is a little less well off than we are and is a person who asks very little of life—just a good home, a job, and a happy family.

"We are fairly well-to-do, middle-class family and I have very rarely been in want of anything. Yet I still know the value of money. I believe in a good education and have enjoyed traveling.

"This man would like us to become engaged soon, and then, as soon as he gets some money together, for us to be married. I know he is sincere and would be a good and faithful husband, yet I am not sure whether or not I could be satisfied with what he could offer me. I have put off my answer to him as best I could without hurting him, hoping I could make up my mind. Could you give me some advice on this?"

Now, as a general rule, I believe the success and happiness of any marriage depends to a large extent on a man and a girl having the same type of background. If they do not, they must either do a great deal of difficult adjusting and be very intelligent about it, or else they find themselves so greatly at odds about so many things that sooner or later a true crisis usually develops. Thus, when a girl is confronted by the type of situation described in this letter, she should ask herself as honestly as possible whether she loves the man enough to put the great amount of effort that would be necessary into making her marriage a success, and also whether or not the man in the case is one who would do the same.

Any kind of marital adjustment is a co-operative matter; neither one can do the job alone. Each must be willing to accept many things about the other that he may not like, and each must also be willing to make reasonable changes. In other words, the two will have to agree between themselves on essentials and non-essentials, the non-essentials being the things to let alone and accept in each other, and the essentials being those in which changes should be made.

If it is purely a matter of the difference of background that is making my correspondent hesitate to accept this young man, and if she admires and respects him in all other ways, then some thoughtful talks between them might enable them to plan a basis for their marriage that would give it a good start and help keep it going smoothly.

There is one thing in the letter, however, that I think she should consider as even more important, perhaps than the matter of the different backgrounds. That is what she says about the young man acting "much younger" than herself. If his whole point of view is less mature than her own, it might make it more difficult for them to get together on an agreement of the sort I have just been talking about.

In any event, she should tell this chap exactly how she feels about the matter, tactfully of course, and then let herself be guided by his reaction.

(King Feature Syndicate, Inc.)

Accidents are the greatest killer of young people between the ages of 2 and 28 years. They are almost three times as deadly as tuberculosis in the 15 to 19 age group alone, the National Safety Council says, and nearly six times as deadly as heart disease.

PITCHING HORSESHOES

by Billy Rose

Mr. Joe Stalin Kremlin Moscow Dear Uncle Joe.

A couple of weeks back, Comrade Boris Gorbato wrote a piece for a Moscow gazette in which he compared President Truman with Hitler. To be sure, I was not the first to do this. In the middle of his argument, he quoted several American newspapers, including the distinguished expert on saw-dust and sauer-brauten, B. Rose.

Smack dab in the middle of his blast, Boris quoted me as saying, "If we are going to have a comedian in the White House—let's have a good one."

I jumped when I read this. I knew that somewhere our wires had gotten crossed. I remembered your sealed instructions handed me by Operative K-9—"Work quietly. Not even paid-up members must know we have entrusted you with the territory between 53rd and 55th Streets."

By publicly hooking me up with the Kremlin, Comrade Gorbato was jeopardizing all the work I had done to ingratiate myself with the Tories. "Someone is going to get his knuckles rapped for this," I told myself.

But before writing you, I thought I'd better take a look at the column from which Boris had quoted. I found it next to an old Cracker-jack box in the bottom drawer of a secret file. It was an open letter to Carroll Reece, the Republican National Committee chairman, and it had been released October 18, 1946. In it, I suggested the G. O. P. could win the next election by nominating W. C. Fields for President. (The great man was still alive at the time.) I pointed out that our favorite clown was unique-

ly equipped for the White House, and I wound up with the crack Comrade Boris latched on to. Actually it wasn't much of a joke. Both the Wall Street Journal and the Daily Worker had beaten me to it.

Shortly after the New York papers reprinted Gorbato's article, I was invited to (a) throw out the first adjective at the opening of a new soap box in Union Square, (b) become recording secretary of the Beekman Place cell, and (c) finance a play in which little Tronya is saved from a fate worse than death by the Five-Year Plan.

I think you ought to get Gorbato into the basement of the Lieubanka and give him a good talking to. Boris should be warned against exposing the stomach on which Molotov has stamped "Top Secret." In addition, it might be pointed out to him the technique he used in the anti-Truman piece is pretty corny. This business of quoting a line out of context isn't fooling the American moujik any longer. When a show gets a bum set of notices, you can no longer bamboozle theatre-goers by quoting isolated phrases and adjectives from the reviews. The capitalist newspapers refuse to run such ads. Moreover, the courts have decided that lifting a line to distort its meaning is in the same class with peddling uranium-plated bricks.

KEEPING UP WITH HOLLYWOOD	
By LOUELLA PARSONS	

HOLLYWOOD, Oct. 12 — "The Moneyman," Thomas B. Costain's best seller, goes to Arthur Lyons. After bids were received from practically every studio, Lyons carries off this prize which was selected by both the Book of the Month Club and Literary Guild, an unusual literary procedure.	
The price paid was \$300,000. I can now tell you Arthur will team Ida Lupino and Louis Hayward in "The Moneyman," which is slated in the 15th century.	
Mr. and Mrs. Lyons decided they could live happier and better apart, haven't been in a movie together since they appeared in "Ladies in Retirement" in 1941.	
They are still very good friends and admire one another professionally.	
The title role is yet to be filled, but Arthur has his eye on a very important star. This is the second Lyons production.	
Rosalind Russell, is justly pleased over doing every actress' dream—Henrik Ibsen's "Hedda Gabler." Roz is going to do a whole scene from the famous drama in "The Velvet Touch," her first independent movie.	
It will be used as the climax of the story of an actress who only did sophisticated comedy and chooses "Hedda Gabler" as her first dramatic role.	
Although there is only one scene, Freddie Brisson has for weeks been negotiating with the Norwegian heirs of the playwright.	
This is the first time an Ibsen play has been seen in the talkies. During the silent days there was quite an Ibsen vogue, with "A Doll's House," "Pillar Of Society" and "Ghosts" being filmed one after the other.	
The photographs of Valentina Cortese, tempestuous Italian beauty, are extremely interesting, although obviously made under adverse conditions and with poor lighting. She has an unusual and classic face—one an artist would like to paint.	
Darryl Zanuck saw the young lady in "A Yank in Italy" and cabled his agent to put her name to a contract which was done.	
But before Zanuck finds a movie for her she'll be in the American financed "Cagliostro," the Edward Small movie now being directed by Gregory Ratoff in Rome.	
Chatter in Hollywood: Mrs. Jesse Lesky left Friday for Las Vegas to get her divorce. She and the veteran producer have been separated a long time.	
After the divorce Laskey plans to marry Joan Koehler, the Ohio girl with whom he has been seen on many occasions.	
Mrs. Laskey will continue with her successful career as an artist.	
Andrea Leeds, who is Mrs. Bob Howard in private life, says she doesn't see how Bob's going to get up in the morning if he plays himself in "The Winter's Circle" for Richard K. Polimer.	
"That I've got to see," said Andrea, "Bob getting up on time to be on the set."	
Bob will play himself, the owner of such thoroughbred horses as Ball Bond and Breezing Home. Bobs are fully good looking but why not Andrea in the movie too? She used to be very well liked in the movies.	
There's a story back of Anne Jeffreys' sudden decision to divorce Capt. Robert Serena last Friday, that makes it seem not so "sudden."	
Anne hasn't heard from her husband for over a year although she has tried to get in touch with him.

Printed in this book are FREE instructions for weaving on huck toweling—the newest hobby!

Coal Mine Escapes Nationalization

LONDON—(AP)—The British Labor government refuses to nationalize the 200-ton a week Bakesdale Colliery, near MacClesfield, Cheshire.

The official explanation is that the entire yield of the mine is used by William Hammond, Ltd., the brick manufacturers, who have the distinction of owning the only un-nationalized colliery in the country.

Cumberland News

Columnist, Billy Rose, Goes On Air

By C. E. BUTTERFIELD

NEW YORK, Oct. 12.—Billy Rose, Broadway producer, turned newspaper columnist, is to become a radio commentator Monday night. He starts a five-minute five-times a week series for MBS at 8:55. He is expected to adapt his printed column to talkative radio medium.

According to the schedule, another MBS development is to return the Dixie Dixie Triumph series to the network at 9:30, where Guy Lombardo's music held forth for quite a while.

Bob Hope, swings his talent temporarily over to CBS and the Screen Guild Players, is to appear with Dorothy Lamour at 10:30 in "My Favorite Brunette." This program returned to the air last week after a summer's absence in which a switch in sponsors was effected.

Nelson Eddy and his baritone voice will be the guest of the Don Voorhees concert on NBC at 9, which this time is to originate from Chicago. He replaces Marian Anderson, who is ill.

The new Fred Waring night music, NBC at 10:30, is to be turned into a tribute to Columbus Day. There will be musical-dramatic excerpts from "Admiral of the Ocean Sea."

Four of Hollywood's actors are on the list for the CBS Radio at 9 because the play is to be "Great Expectations." They are, or least so the schedule shows, Robert Cummings, Ann Blythe, Howard da Silva and Lee J. Cobb.

Coal Mine Escapes
Nationalization

LONDON—(P)—The British La-
 bor government refuses to nation-
 alize the 200-ton week Bakersfield
 Colliery, near MacClesfield,
 Cheshire.

The official explanation is that
 the entire yield of the mine is used
 by William Hammond, Ltd., fire
 brick manufacturers, who have the
 distinction of owning the only na-
 tionalized colliery in the country.

Cumberland News
Columnist, Billy
Rose, Goes On Air

By C. E. BUTTERFIELD

NEW YORK, Oct. 12—Billy Rose,
 Broadway producer turned news-
 paper columnist, is to become a
 radio commentator Monday night.
 He starts a five-minute five-times
 a week series for MBS at 8:55. He
 is expected to adapt his printed
 column to talkative radio medium.

According to the schedule, an-
 other MBS development is to re-
 turn the Did Justice Triumph series
 to the network at 9:30, where Guy
 Lombardo's music held forth for
 quite a while.

Bob Hope, swings his talent tem-
 porarily over to CBS and the
 Screen Guild Players, is to appear
 with Dorothy Lamour at 10:30 in
 "My Favorite Brunette." This pro-
 gram returned to the air last week
 after a summer's absence in which
 a switch in sponsors was effected.

Nelson Eddy and his baritone
 voice will be the guest of the Don
 Voorhees concert on NBC at 9,
 which this time is to originate from
 Chicago. He replaces Marian An-
 derson, who is ill . . . The new
 Fred Waring night music, NBC at
 10:30, is to be turned into a tribute
 to Columbus Day. There will be
 musical-dramatic excerpts from
 "Admiral of the Ocean Sea."

Four of Hollywood's actors are
 on the list for the CBS Radio at
 9 because the play is to be "Great
 Expectations." They are, or least
 so the schedule shows, Robert Cum-
 mings, Ann Blythe, Howard Da
 Silva and Lee J. Cobb.

The Radio Clock

Time is eastern standard. For cen-
 tral standard subtract four, for
 mountain standard subtract two
 hours. Some local stations change
 hour of relay to fit local schedule.
 Last minute program changes can-
 not be included.

Man Is Held In Jail On Charge Of Wounding His Wife With Pistol

Mrs. Bertha Griffith In Fair Condition

The jealous rage of a Leonardtown, Md. barber, who came to Cumberland hunting his wife, last night resulted in his arrest an hour and a half after his wife was admitted to Allegany Hospital at 7:25 p. m. suffering from two automatic pistol shot wounds, according to City Police.

Hospital attaches said the wife, Mrs. Bertha Mary Griffith, 45, who gave 9 Eutha Place, as her residence, was in "fair" condition, but was suffering from shock resulting from wounds in her left shoulder and right wrist.

Police identified the husband as Harry Wagner Griffith, and said he allegedly fired two shots at his wife following a brief argument on Queen City pavement in front of Hammersmith Restaurant 15 minutes after he appeared at Police headquarters and asked what could be done with a man who was running around with his wife.

O'Neal Witnesses Shooting

A witness to the shooting, John O'Neal, Kinsley Street, told police that Griffith was talking to his wife in front of the restaurant when he suddenly pulled the pistol, described as a 25-20 automatic, from his pocket and fired two shots at her.

Police said they were told, Mrs. Griffith struck her husband over the head with a pocketbook after he fired the first shot and the second shot pierced her wrist as she raised her arm.

In a scuffle that ensued, the wife knocked the automatic to the street, and then grabbed it before her husband could and threw it across the street on the railroad tracks.

O'Neal told police that he assisted Mrs. Griffith to the Brunswick Hotel, where he asked the clerk to call police headquarters, and then went back to the scene of the shooting where he saw Griffith walking down the Queen City pavement toward the Queen City Hotel.

All police on duty were immediately alerted, and a city wide search began. Acting on a tip, six police-men assisted by two Baltimore and Ohio officers, began a search of the Queen City Hotel starting on the ground floor and inspecting each room until they discovered Griffith in the last room searched on the fourth floor.

Police said he offered no resistance and inquired about the condition of his wife, when he was taken into custody. He was taken to City Jail where he is booked as "held for investigation."

Police officials said Griffith will be taken to the State Attorney's office later, but said he was not questioned last night. No formal charges will be placed, they said pending the outcome of his wife's wounds.

Is Spitting Blood

Hospital attaches said the slug was still lodged in the woman's left shoulder, and explained that she was spitting blood. The bullet made a clean hole through her wrist, they said.

Police said Griffith, who was formerly employed as a barber in this city, appeared at headquarters last night and asked if anything could be done about his wife and a man who he said was running around with her. Informed that it would be checked, police said he left without identifying the "other man."

Mrs. Griffith told police that she has been separated from her husband for a "long time," and declared she has been living in the city while he has been working in Leonardtown.

The automatic pistol was found after Griffith was taken into custody. Officers said they believed the man was armed while they were searching for him, but later learned that he had not recovered the weapon after his wife threw it away.

The desk clerk at the Brunswick Hotel said Mrs. Griffith walked into the lobby, and after O'Neal asked that police be notified, she informed him "I've been shot." She was taken to the hospital in a police cruiser, by Officers John Powers and John Snyder.

Temperature Reading

The mercury reached a maximum of 67 degrees here yesterday, but the temperature dropped to 55 shortly before midnight, with a trace of rain. Mostly sunny and slightly warmer weather is predicted for today.

Completion Of Savage River Dam Is Urged By Sportsmen's League

ANNAPOLIS, Md., Oct. 12.—(P)—Resolutions endorsing completion of Savage River Dam and opening of Loch Raven for fishing were passed today by 100-odd delegates attending the Maryland League of Sportsmen convention here.

Chester Bedell, executive director of the League, said the Savage River Dam would provide a clear water fishing reservoir as well as insure that Western Maryland area against flood.

"Not to finish the project, which already has used up several million dollars in federal funds, would be a lamentable waste of public money," he said.

The League also passed resolutions endorsing a plan to change the present contract under which the League regulates fishing and boating on Pretty Boy Reservoir and Lake Roland.

Mother, Daughter Injured When Hit By Automobile

Mishap Is Reported To Police By Driver

A Cumberland mother and her 11-year-old daughter were patients in Allegany Hospital last night suffering from injuries suffered when they were struck by an automobile Saturday at 3:40 p. m. as they attempted to cross Decatur Street near Fulton Street intersection.

Identified as Mrs. Christine McBride, 604 Virginia Avenue, and her daughter, Louise McBride, police said they were told that x-rays will be made today to determine the extent of injuries.

Possible injuries suffered by Mrs. McBride were ankle, leg and back injuries, and the daughter, a possible fractured skull and bruised burns, the hospital said.

According to police the mother and child, had just completed a visit at Allegany Hospital with a sick relative and were departing when the accident occurred. Police listed the driver of the car as Dewey D. Thompson, 26, 1906 Bedford Street, and said he reported the accident to headquarters.

No charges have been preferred pending the outcome of injuries suffered by the pair, according to investigating authorities.

According to the report, Thompson was going south on Decatur Street at a slow rate of speed when Mrs. McBride and her daughter stepped in front of his car. Following the accident witnesses said hospital attaches hurried to the scene to give assistance.

Motorist Is Arrested

A motorist booked as Isom Dolly, Williams Road, was arrested Saturday following a truck-car collision on Hill Top Drive. Police said the truck operated by Dolly came out of an alley and collided with the car of John Pierce, Virginia Avenue.

Dolly will be given a hearing this morning in Trial Magistrates Court on charges of violating state motor vehicle laws. Sgt. John H. Newhouse investigated.

Hugh Stride, 41, 751 Kelly Boulevard, was injured Saturday morning when the scooter bike he was operating jumped the sidewalk and crashed against a pole on the boulevard. He received treatment in Memorial Hospital for a severe laceration on back of his head.

A car driven by Charles Robert Lemaster, Valley Road crashed against the rear of a parked machine of Lester Robinson, 802 Maryland Avenue, Saturday at 1:45 a. m. Damage to Robinson's car was estimated at \$35. Lemaster agreed to pay costs of damage, according to police, and no charges were preferred. Lemaster's car was damaged to the extent of \$100.

Vincent Darr, 13, 329 Central Avenue, was cut about the right shoulder, Friday night when his scooter bike collided with a car operated by Leo M. Stubblefield, 40, 234 Valley Street, at Bedford and Mechanic Streets. No charges were preferred.

Miner Is Injured

Mrs. Mary Hott, 20, Paw Paw, W. Va., gave birth to a son Saturday morning in Memorial Hospital after being involved in an accident Friday night near Oldtown, when her car collided with a wagon.

Daniel Luther Piper, 72, Oldtown, who was driving the two-horse team, escaped injury but the horses were knocked down and Mrs. Hott, wife of Cecil Hott, was injured, according to Trooper William F. Baker, who investigated.

Hospital attaches said Mrs. Hott's condition was "good" when she was admitted to the hospital.

Treated Saturday in Allegany Hospital were four-year-old David Snyder, 800 Memorial Avenue, who was bitten on the face by a dog, and William Howsare, 14, Route 3, Valley Road, who cut his left foot on an axe.

Four-year-old Helen Dietz, 309 Independence Street, received treatment in the same hospital Saturday afternoon for minor injuries sustained when hit by an Astor cab near her home. Attaches identified the driver as M. A. White.

NEW CAFETERIA—The top picture shows the new \$20,000 cafeteria building which was constructed recently adjoining the Londonderry Township Consolidated School near Hyndman, Pa. The building houses an office and up-to-date kitchen, while the dining room can be converted into an auditorium by removing the folding tables. At the left can be seen the aluminum marquee which provides a sheltered passageway into the main school building. In the bottom picture several pupils are shown returning empty lunch trays as they are about to return to class. They are (left to right), Rose Marie Cook, Jesse Willison, Gene Martz, Glen Taylor and Charles Miller. (See other picture on Page 3).

Extension Program Planned In County By Presbyterians

Hope To Establish Some New Churches

Pastors of various Presbyterian churches in the Cumberland area will make a survey of the county today with Dr. Walter R. Cremons, general presbyter of the Presbytery of Baltimore, with regard to the church extension program of the Presbytery for the coming year. Dr. Cremons said last night.

Because of the development of new centers of population throughout the nation, plans are being made to develop a program of establishing new churches in areas where they are needed, and the Cumberland area will be surveyed to determine if such a need exists, he explained.

Dr. Cremons discussed the 1948 seven-point program of the Presbyterian Church at a conference with officers and members of First Presbyterian Church yesterday afternoon, and also described the program in talks at the Barton Presbyterian Church yesterday morning and at the evening service of Southminster Presbyterian Church.

Aside from church extension, other points in the program are as follows:

1. Complete the denomination's restoration fund, which has a goal of \$27,000,000 to aid churches in the Far East, Europe and the United States. Dr. Cremons said \$23,000,000 has already been raised.

2. 1947 pay-up. This emphasizes the need to pay up all benevolences by the end of this year, because the church year has been changed to begin January 1 instead of April 1.

3. 1948 budget for the entire denomination will be \$17,000,000, an increase of 75 per cent because of increased operation and living costs.

4. Prepare for the new Christian education curriculum, which will be ready October 1, 1948.

5. A program of new church activities for Presbyterians men will be launched in Chicago February 12-14, 1948, similar to women's activities which have already been established.

6. "New Life" movement, which has a goal of 1,000,000 new members of the Presbyterian Church within the next three years.

Dr. Cremons will return to Baltimore tomorrow. Next Sunday he will meet with Presbyterians in Frederick in another of his series of visits to various sections of the state, explaining the church's program for the coming year.

Marine Reservists To Receive Pay Tonight

A payroll of \$2,529.32 for the quarterly period ending September 30 will be distributed to members of Company D, Marine Corps Reserve, at the weekly meeting tonight at the Union Street Building.

The annual payroll is expected to total \$34,436 when the company expands to its full complement. Payment ranges from \$2.50 per two-hour weekly meeting for privates to \$5.50 for master sergeants.

Woman Fire Spotter Gives Up Work

One of the best fire spotters in the district, Mrs. Mary Duvall, 61, who had charge of the forestry tower on Warrior Mountain for most of the past decade has retired, according to District Forester William Parr.

Unable to continue the long climbs to the top of the 90-foot tower, and look after her other duties too, Mrs. Mary, as she is affectionately known by all her friends and neighbors for miles around did not report for duty when fire towers were opened October 1. She resigned, Parr said, and the department lost one of its best fire-spotters, and the only woman observer in the district.

Mrs. Duvall has been succeeded by John Tressler, this city.

Police Examinations Will Be Held Oct. 28

Examinations for patrolmen applying for positions of lieutenant in the Traffic Division and Detective Bureau of the Cumberland Police Department, will be held Tuesday, October 28, at 7 p. m. according to Chief of Police R. Emmett Flynn.

Chief Flynn said the Civil Service Board will conduct the examinations in the squad room of the Public Safety Building. All officers, except probationary patrolmen, are eligible to the tests. Sgt. Raymond R. Johnston registered for the Traffic Division Post Saturday. No other applications have been filed.

Completes Course

A son of Mr. and Mrs. Robert Fisher, 127 Pennsylvania Avenue, Pitt. Arthur L. Fisher has been graduated from the airplane electrical mechanics course at Chanute Field, Ill., after taking a 12 weeks course. Before going to Chanute he was stationed at Keeler Field, Miss.

Virginia Trumbull Becomes Bride Of F. P. Smith, Jr.

Ceremony Performed In Philadelphia

The Overbrook Presbyterian Church in Philadelphia, Pa., was the setting Saturday for the marriage of Miss Virginia Randolph Trumbull, daughter of Mrs. J. Fred Brown, Denver, Colo., formerly of Merion, Pa., to Fulcher Perry Smith, Jr., of Cumberland and Oakland, Rev. Dr. George Emerson Barnes officiated.

Given in marriage by her stepfather, the bride was gowned in white satin fashioned with an off-the-shoulder neckline, made with a yoke of inserted rose point lace trimmed with seed pearls, which was worn by her mother and grandmother, a long fitted bodice, full skirt and a long train. Her veil of illusion tulle was attached to a tiara of seed pearls and had clusters of lilies of the valley sprinkled over the veil. She carried a bouquet of gardenias and stephanotis.

Mrs. Walter N. Allen, Baltimore, twin sister of the bride, was her matron of honor. Bridesmaids were Miss Louise Hale Trumbull, another sister of the bride, and the Misses Ann Blakeslee Smith, Oakland, sister of the bridegroom; Jane Florence Baker and Margaret Ann Snyder, of Alma, Neb.

Their two-piece gowns of aqua satin were made with fitted jackets and bustles. They wore matching feathery in their hair and carried bouquets of styled nosegays of coral carnations and magnolia leaves.

Fulcher P. Smith, Oakland, was his son's best man. The ushers were Earl L. Zepp, William A. Gibbs, John P. Somerville, Harry L. Williams, Dr. Homer B. Russell and L. Harry A. Gerdies.

A reception at the Merion Tribute House followed the ceremony. Among those attending the wedding were Mrs. Thomas LeClear and Mr. and Mrs. John T. Fey of Cumberland; and Mrs. Lillian Davis and her daughter, Miss Jane Davis, Oakland.

The bride, a daughter of the late (Continued on Page 3, Col. 6)

WOW Is Planning Fall Membership Campaign In Area

Drive To Begin On Wednesday

Plans for the fall membership campaign of Woodmen of the World Camps in Western Maryland, which will be held in conjunction with a state and national campaign, were made at a banquet Saturday night at the WOW Hall, 144 Union Street.

Thirteen field representatives from this area attended the dinner, which was followed by a dance. The campaign, which will be held from October 15 to December 15, will take the form of a contest between Western Maryland and the Eastern Shore Camps.

The drive will be known as the "pioneers campaign" in honor of older WOW members, and prizes will be awarded to individuals securing the greatest number of new members. There are 32 camps in Maryland and over 8,000 throughout the country.

Cumberland Camp No. 6, which has 425 members, was represented by George C. Parker, head consul of the Jurisdiction of West Virginia, which includes Maryland, West Virginia, Delaware and the District of Columbia; S. S. Dowland, financial secretary of the local camp; J. C. German, Fred S. Goss, Camp No. 4, Mt. Savage; Curtis Miller, consul commander, all of Camp No. 1, Hagerstown; and Spencer Graham, Oakland, state manager for Maryland, Delaware and the District of Columbia.

Cumberland has challenged the Hagerstown Camp to a contest during the membership effort to be host to the winner at a banquet.

Other field representatives were Carleton Humberston, Camp No. 45, Friendsville; Wilson J. Stevens, Camp No. 4, Mt. Savage; Curtis Miller, consul commander, all of Camp No. 1, Hagerstown; and Spencer Graham, Oakland, state manager for Maryland, Delaware and the District of Columbia.

Red Cross Instructor's Course Opens Today

A 15-hour Red Cross water safety instructor's training course will be held this week, beginning today, at Central YMCA pool in charge of Robert Earl, area representative for first aid, water safety and accident prevention, who is stationed at Red Cross eastern area headquarters in Alexandria, Va.

Eleven local residents qualified to take the course by completing 15 hours of preliminary instruction under the direction of James E. Kelley, Jr., chairman of water safety for Allegany County Chapter, American Red Cross.

Rowling Green Traffic Slowed, O'Hara Declares

First Sgt. W. E. O'Hara of the LaVale State Police told members of the Bowling Green Volunteer Fire Department that heavy patrolling and numerous arrests have "slowed down" the speed traffic in the Bowling Green section.

Approximately 35 members of the department have signified interest in taking a basic training course in fire-fighting, Charles E. Smith, president, reported at the meeting held in Circle Inn.

Two authorized instructors in the fire-fighting program, sponsored by the University of Maryland, are to take a course in each of the 25-week course whenever a class is formed.

New \$20,000 Cafeteria, Auditorium Completed At Londonderry School

Dedication Program Planned Next Month

Construction of a new \$20,000 building housing a modern cafeteria and school auditorium has been completed at Londonderry Township Consolidated School, about a mile north of Hyndman, Pa., on Route 96, according to C. P. Gaster, president of the Londonderry Parent-Teacher Association.

Plans are being made to hold a dedication program, tentatively scheduled for November 20. The one-story concrete block structure, connected to the main two-story brick school building by a covered passageway, was built with funds raised by the P-TA.

H. M. Carpenter, school principal, was chairman in charge of construction. Work has been completed except for installing lights and a stage curtain in the auditorium, which will seat from 400 to 450 persons.

A hot lunch program was opened September 30, and since that time daily lunches have been served to the 260 pupils enrolled in the eight elementary grades at the school. Cost of the lunches is 90 cents weekly, and the average number served daily is 210.

Gaster said the cafeteria provides the first school lunch program since the days of the Works Progress Administration about 12 years ago, when lunches were prepared in the school basement and served by teachers in the corridors for a brief experimental period.

L. G. Keller, superintendent of Hyndman schools, is considering a suggestion that pupils from the Hyndman Elementary and High Schools be brought by bus to the Londonderry School for lunch in the cafeteria each day, since those schools lack such facilities, Gaster said.

Certificates Issued

Construction of the new building began last April and the kitchen was designed by Bernard Gloekler of a Pittsburgh supply firm. Approximately \$6,000 has been spent in preparing the kitchen for use, of which \$3,000 was furnished by the state. It is expected that an additional \$2,000 will be spent next year to obtain additional kitchen equipment. Other work was done by local contractors.

Mrs. Della Twigg, Hyndman, is head cook, assisted by Mrs. Harry Cook and Mrs. Robert Hendershot, both of Londonderry Township.

Gaster explained that funds were raised through the sale of "shareholder's certificates," similar to a bond issue. He said \$12,000 has already been raised by that method and that the remaining \$8,000 has been pledged.

Those holding the certificates will meet annually to confer regarding money in the fund. Interest will be paid on the principal as additional funds are raised through public events held in the new auditorium.

Members of the P-TA executive committee in charge of the building project include Gaster, president; Mrs. Thomas Cook and John Pfeiffer, vice presidents, and Mrs. John Topper.

Those holding the certificates will meet annually to confer regarding money in the fund. Interest will be paid on the principal as additional funds are raised through public events held in the new auditorium.

Rotary Governor Is Coming Here

Charles R. Zook, District Governor, Lewistown, Pa., will be the speaker at the weekly meeting of the Cumberland Rotary Club tomorrow at 12:15 p. m. in Central YMCA, when he pays an official visit to the local club.

Tuesday night at the Cumberland Country Club there will be a club assembly, consisting of officers, directors and committee chairmen, with whom the District Governor will discuss accomplishments and plans for the future.

City Council To Consider Forming Food Committee

Co-operation Asked In Nationwide Drive

Mayor Thomas S. Post said last night he will ask the City Council this morning to consider the formation of a citizens' food committee in Cumberland, after receiving a two-page telegram from Charles Luckman, chairman of the national committee appointed by President Truman.

The mayor said he thinks "we should co-operate" with the national food-saving drive but explained that he wished to consult with other city officials before taking action in the matter.

Similar telegrams were dispatched to 1,000 mayors throughout the country, urging formation of food committees in cities with over 10,000 residents.

Luckman said in his message to Mayor Post that information would be available to help the local committee organize an effective campaign to back the voluntary food saving for Europe drive.

He suggested that the local committee, if it is organized, include representatives of churches, the Red Cross, schools, women's groups, labor, business, civic, veterans and fraternal organizations.

The Cumberland committee would be expected to work with local restaurants, bakery, brewery, milling and food processing industries in promoting meat-and-wheat-saving campaigns and to aid in achieving a nationwide saving of 100,000,000 bushels of additional grain for export to Western Europe.

Mayor Post said the telegram suggested that a proclamation be issued urging Cumberland residents to observe meatless Tuesdays and to abstain from poultry and eggs on Thursdays, in connection with the campaign.

Luckman also asked that restaurants serve bread and butter only on request, and that local residents cut down on consumption of bread by one slice daily.

Two Persons Hurt In 4 Auto Mishaps

Two persons were injured, one, a 4-year-old child, suffered a broken collar bone, in four accidents, investigated by West Virginia State Police over the weekend.

Richard Kauffman, son of Mr. and Mrs. Douglas Kauffman, Keyser, was injured yesterday morning, police said, when he ran from behind a parked truck into the path of a car driven by Floyd Payne, McCullen Highway.

The youth was treated in Keyser. Payne was questioned and released.

Mrs. Meville Lucas, passenger in sedan driven by Mary Ellen Hulse, Wisconsin, suffered minor injuries to her right leg when the car skidded against a guard rail on Knobley Mountain, yesterday morning. No charges were preferred against the driver, police said, adding that the injured woman received first aid treatment in Keyser.

A car driven by Roy Elton Flanagan, Cresaptown, reportedly skidded against a guard rail near Ellettsburg, Ind. Investigating officers said Mrs. Katie Chaney, Cresaptown, was also a passenger in the car, but no one was injured.

A car driven by Roy A. O'Rear, Keyser, failed to negotiate a curve on Cut-Off road near Burlington and rolled over on its side, according to police. The driver escaped injury, police said, but damage to the car could not be determined.

Serves On Carrier

William T. Damm, seaman, first class, USN, 217 Bedford Street, has been seeing the world in traditional "Navy fashion" while serving as a member of Attack Squadron 16-A aboard the Aircraft carrier USS Antietam.

On the current cruise the Antietam has visited Pearl Harbor; Sydney, Australia; Truk, Guam, Salpan, Manila, Yokosuka, and Tsingtao in China.

Trinity Methodist Has 'Homecoming'

Spiritual knowledge comes through habits of obedience rather than through a cultivated understanding. Rev. B. T. Price, pastor of the West End Methodist Church, Portsmouth, Va., said in a sermon delivered at Trinity Methodist Church on "homecoming day" yesterday morning as part of the 50th anniversary celebration of the church. It is doing the will of God and obeying the teachings of Christ that brings one to a knowledge of the truth, he added.

Obedience brings religious certainty which cannot be found in external authority, the minister asserted. Obedience brings spiritual wisdom and certainty of truth when self surrendered to the will of God.

There are those who feel that religious truth comes through the findings of science, however, man can never know the truth unless he obeys the teachings that are spiritual, Rev. Mr. Price declared. Spiritual things, he said, come as revelations when one does the will of God.

Another large crowd attended the services yesterday. Altar flowers were presented by:

Mr. and Mrs. Paul F. Nixon; Mrs. Oscar J. Swartley, in memory of her mother, Mrs. Minnie Holtzman; Mrs. Ethel Frantz, in memory of her mother, Mrs. Lula D. Rice and Mr. and Mrs. Ernest Hutchinson, St. Louis, Mo.

Rev. S. M. Neel, a former pastor, spoke on "The Crossroads of Life" at the "Youth Night" service last evening at 7:30 o'clock. He is now pastor of Violetville Methodist Church, Baltimore.

Man Is Held In Jail On Charge Of Wounding His Wife With Pistol

Mrs. Bertha Griffith In Fair Condition

The jealous rage of a Leonardtown, Md. barber, who came to Cumberland hunting his wife, last night resulted in his arrest an hour and a half after his wife was admitted to Allegany Hospital at 7:25 a. m. suffering from two automatic pistol shot wounds, according to City Police.

Hospital attaches said the wife, Mrs. Bertha Mary Griffith, 45, who gave 9 Eutaw Place, as her residence, was in "fair" condition, but was suffering from shock resulting from wounds in her left shoulder and right wrist.

Police identified the husband as Harry Wagner Griffith, and said he allegedly fired two shots at his wife following a brief argument on Queen City pavement in front of Hammensmiths Restaurant 15 minutes after he appeared at Police headquarters and asked what could be done with a man who was running around with his wife.

O'Neal Witnesses Shooting

A witness to the shooting, John O'Neal, Kingsley Street, told police that Griffith was talking to his wife in front of the restaurant when he suddenly pulled the pistol, described as a 25-20 automatic, from his pocket and fired two shots at her.

Police said they were told, Mrs. Griffith struck her husband over the head with a pocketbook after he fired the first shot and the second shot pierced her wrist as she raised her arm.

In a scuffle that ensued, the wife knocked the automatic to the street, and then grabbed it before her husband could and threw it across the street on the railroad tracks, police said.

O'Neal told police that he assisted Mrs. Griffith to the Brunswick Hotel, where he asked the clerk to call police headquarters, and then went back to the scene of the shooting where he saw Griffith walking toward the Queen City Hotel.

All police on duty were immediately alerted, and a city-wide search began. Acting on a tip, six policemen assisted by two Baltimore and Ohio officers, began a search of the Queen City Hotel starting on the ground floor and inspecting each room until they discovered Griffith in the last room searched on the fourth floor.

Police said he offered no resistance and inquired about the condition of his wife, when he was taken into custody. He was taken to City Jail where he is booked as "held for investigation."

Police officials said Griffith will be taken to the State Attorney's office later, but said he was not questioned last night. No formal charges will be placed, they said pending the outcome of his wife's wounds.

Is Spitting Blood

Hospital attaches said the slug was still lodged in the woman's left shoulder, and explained that she was spitting blood. The bullet made a clean hole through her wrist, they said.

Police said Griffith, who was formerly employed as a barber in this city, appeared at headquarters last night and asked if anything could be done about his wife. He said that he was running around with her. Informed that it would be checked, police said he left without identifying the "other man."

Mrs. Griffith told police that she has been separated from her husband for a "long time," and declared she has been living in the city while he has been working in Leonardtown.

The automatic pistol was found after Griffith was taken into custody. Officers said they believed the man was armed while they were searching for him, but later learned that he had not recovered the weapon after his wife shot it away.

The desk clerk at the Brunswick Hotel said Mrs. Griffith walked into the lobby, and after O'Neal asked that police be notified, she informed him "I've been shot." She was taken to the hospital in a police car, by Officers John Powers and John Snyder.

(Continued on Page 2, Col. 2)

Temperature Reading

The mercury reached a maximum of 67 degrees here yesterday, but the temperature dropped to 55 shortly before midnight, with a fair of rain. Mostly sunny and slightly warmer weather is predicted for today.

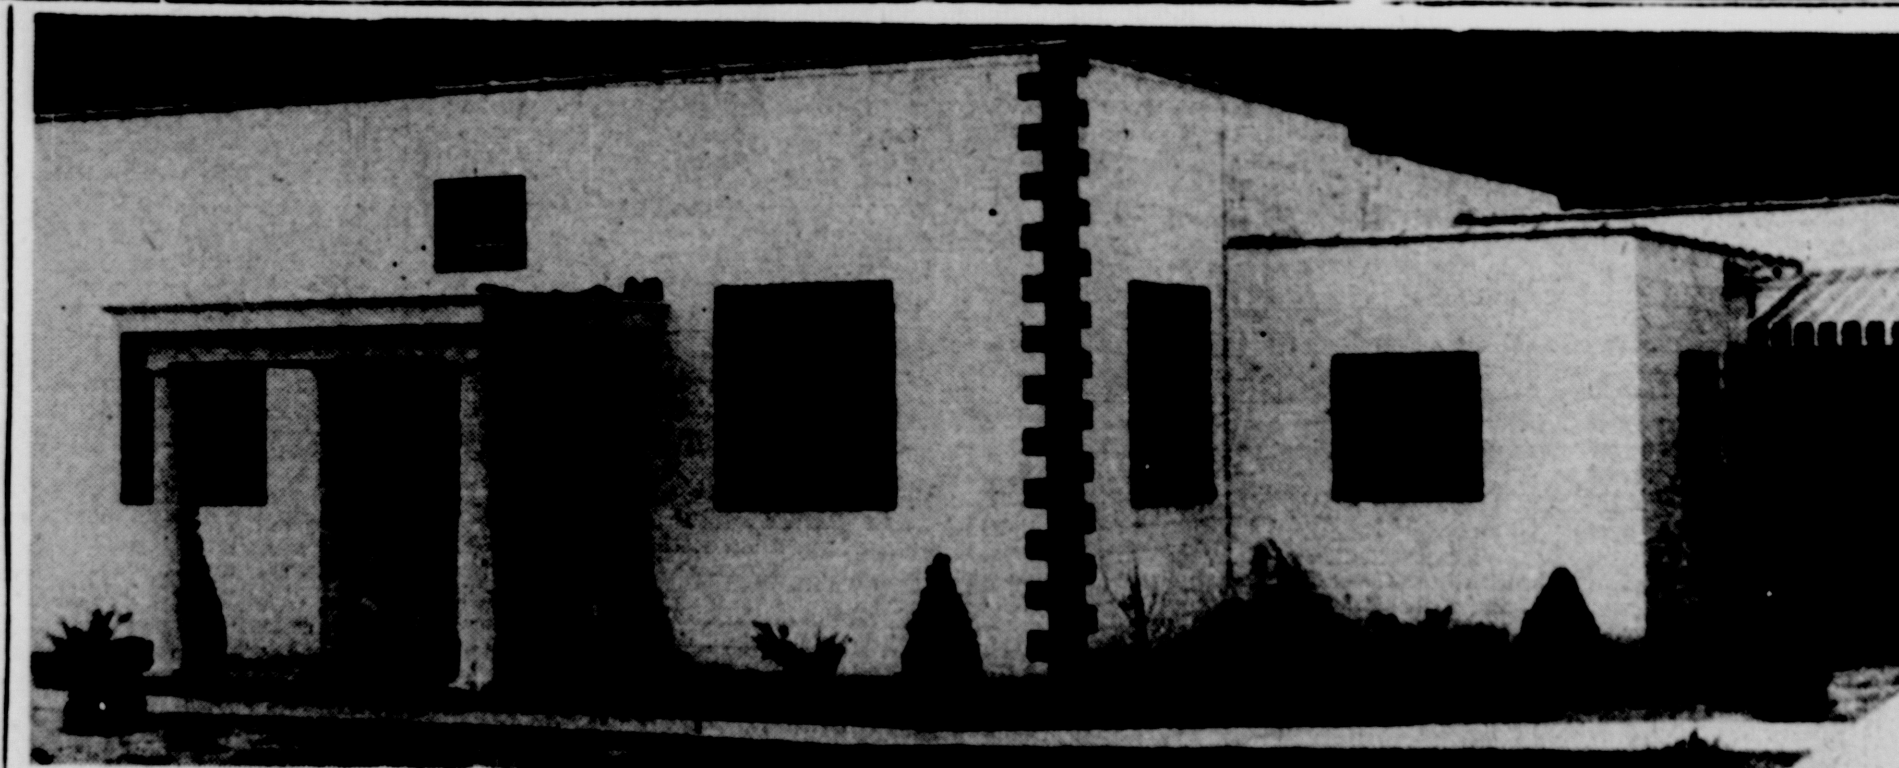

Completion Of Savage River Dam Is Urged By Sportsmen's League

ANNAPOLIS, Md., Oct. 12.—(P)—Resolutions endorsing completion of Savage River Dam and opening of Loch Raven for fishing were passed today by 100-odd delegates attending the Maryland League of Sportsmen convention here.

Chester Bedell, executive director of the League, said the Savage River Dam would provide a clear water fishing reservoir as well as insure that Western Maryland area against flood.

"Not to finish the project, which already has used up several million dollars in federal funds, would be a lamentable waste of public money," he said.

The League also passed resolutions endorsing establishment of a full course in wild life management at the University of Maryland; authorizing the League to ask the State Game and Inland Fish Com-

Mother, Daughter Injured When Hit By Automobile

Mishap Is Reported To Police By Driver

A Cumberland mother and her 11-year-old daughter were patients in Allegany Hospital last night suffering from injuries suffered when they were struck by an automobile Saturday at 3:40 p. m. as they attempted to cross Decatur Street near Fulton Street intersection.

Identified as Mrs. Christine McBride, 604 Virginia Avenue, and her daughter, Louise McBride, police said they were told that x-rays will be made today to determine the extent of injuries.

Possible injuries suffered by Mrs. McBride were ankle, leg and back injuries, and the daughter, a possible fractured skull and bruise burns, the hospital said.

According to police the mother and child, had just completed a visit at Allegany Hospital with a sick relative and were departing when the accident occurred. Police listed the driver of the car as Dewey D. Thompson, 26, 1906 Bedford Street, and said he reported the accident to headquarters.

No charges have been preferred pending the outcome of injuries suffered by the pair, according to investigating authorities.

According to the report, Thompson was going south on Decatur Street at a slow rate of speed when Mrs. McBride and her daughter stepped in front of his car. Following the accident witnesses said hospital attaches hurried to the scene to give assistance.

Motorist Is Arrested

A motorist booked as Isom Dolly, Williams Road, was arrested Saturday following a truck-car collision on Hill Top Drive. Police said the truck operated by Dolly came out of an alley and collided with the car of John Pierce, Virginia Avenue.

Dolly will be given a hearing this morning in Trial Magistrate Court on charges of violating state motor vehicle laws. Sgt. John H. Newhouse investigated.

Hugh Stride, 41, 751 Kelly Boulevard, was injured Saturday morning when the scooter bike he was operating jumped the sidewalk and crashed against a pole on the boulevard. He received treatment in Memorial Hospital for a severe laceration on back of his head.

A car driven by Charles Robert Lemaster, Valley Road crashed against the rear of a parked machine of Lester Robinson, 822 Maryland Avenue, Saturday at 1:45 a. m. in front of the latter's house. Damage to Robinson's car was estimated at \$35. Lemaster agreed to pay costs of damage, according to police, and no charges were preferred. Lemaster's car was damaged to the extent of \$100.

Vincent Darr, 13, 329 Central Avenue, was cut about the right shoulder, Friday night when his scooter bike collided with a car operated by Leo M. Stubblefield, 40, 24 Valley Street, at Bedford and Mechanic Streets. No charges were preferred.

Minor Is Injured

Mrs. Mary Hott, 20, Paw Paw, Va., gave birth to a son Saturday morning in Memorial Hospital after being involved in an accident Friday night near Oldtown, when her car collided with a wagon.

Daniel Luther Pipe, 72, Oldtown, who was driving the two-wheeler, escaped injury but the horses were knocked down and Mrs. Hott, wife of Cecil Hott, was injured, according to Trooper William F. Baker, who investigated.

Hospital attaches said Mrs. Hott's condition was "fair" when she was admitted to the hospital.

Treated Saturday in Allegany Hospital were four-year-old David Snyder, 800 Memorial Avenue, who was bitten on the face by a dog, and William Howsare, 14, Route 3, Valley Road, who cut his left foot on an nail.

Four-year-old Helen Deetz, 309 Independence Street, received treatment in the same hospital Saturday afternoon for minor injuries sustained when hit by an Astor cab near her home. Attaches identified the white cab as M. A. White.

Extension Program Planned In County By Presbyterians

Hope To Establish Some New Churches

Pastors of various Presbyterian churches in the Cumberland area will make a survey of the county today with Dr. Walter R. Cremons, general presbyter of the Presbytery of Baltimore, with regard to the church extension program of the Presbytery for the coming year. Dr. Cremons said last night.

Because of the development of new centers of population throughout the nation, plans are being made to develop a program of establishing new churches in areas where they are needed, and the Cumberland area will be surveyed to determine if such a need exists, he explained.

Dr. Cremons discussed the 1948 seven-point program of the Presbytery Church at a conference with officers and members of First Presbyterian Church yesterday afternoon, and also described the program in talks at the Barton Presbyterian Church yesterday morning and at the evening service of Southminster Presbyterian Church.

Aside from church extension, other points in the program are as follows:

1. Complete the denomination's restoration fund, which has a goal of \$27,000,000 to aid churches in the Far East, Europe and the United States. Dr. Cremons said \$23,000,000 has already been raised.

2. 1947 pay-up. This emphasizes the need to pay up all benevolences by the end of this year, because the church year has been changed to begin January 1 instead of April 1.

3. 1948 budget for the entire denomination will be \$17,000,000, an increase of 75 per cent because of increased operation and living costs.

4. Prepare for the new Christian education curriculum, which will be ready October 1, 1948.

5. A program of new church activities for Presbyterians men will be launched in Chicago February 12-14, 1948, similar to women's activities which have already been established.

6. "New Life" movement, which has a goal of 1,000,000 new members of the Presbyterian Church within the next three years.

Dr. Cremons will return to Baltimore tomorrow. Next Sunday he will meet with Presbyterians in Frederick in another of his series of visits to various sections of the state, explaining the church's program for the coming year.

Marine Reservists To Receive Pay Tonight

A payroll of \$2,529.32 for the quarterly period ending September 30 will be distributed to members of Company D, Marine Corps Reserve, at the weekly meeting tonight at the Union Street Building.

The annual payroll is expected to total \$34,436 when the company expands to its full complement. Payment ranges from \$2.50 per two-hour weekly meeting for privates to \$5.50 for master sergeants.

Woman Fire Spotter Gives Up Work

One of the best fire spotters in the district, Mrs. Mary Duvall, 61, who had charge of the forestry tower on Warrior Mountain for most of the past decade has retired, according to District Forester William Parr.

Unable to continue the long climb to the top of the 90-foot tower, and look after her other duties too, Mrs. Mary, as she is affectionately known by all her friends and neighbors for miles around did not report for duty when fire towers were opened October 1. She resigned, Parr said, and the department lost one of its best fire-spotters, and the only woman observer in the district.

Mrs. Duvall has been succeeded by John Trezzler, this city.

Police Examinations Will Be Held Oct. 28

Examinations for patrolmen applying for positions of lieutenant in the Traffic Division and Detective Bureau of the Cumberland Police Department, will be held Tuesday, October 28, at 7 p. m. according to Chief of Police R. Emmett Flynn.

Chief Flynn said the Civil Service Board will conduct the examinations in the squad room of the Public Safety Building. All officers, except probationary patrolmen, are eligible to the tests. Sgt. Raymond R. Johnston registered for the Traffic Division Post Saturday. No other applications have been filed.

Completes Course

A son of Mr. and Mrs. Robert Fisher, 127 Pennsylvania Avenue, Pitt. Arthur L. Fisher has been graduated from the airplane electrical mechanics course at Chanute Field, Ill. He was the 12th of 13 to complete the course. Before going to Chanute he was stationed at Keeler Field, Miss.

Virginia Trumbull Becomes Bride Of F. P. Smith, Jr.

Ceremony Performed In Philadelphia

The Overbrook Presbyterian Church in Philadelphia, Pa., was the setting Saturday for the marriage of Miss Virginia Randolph Trumbull, daughter of Mrs. J. F. Brown, Denver, Colo., formerly of Merion, Pa., to Fulcher Perry Smith, Jr., of Cumberland and Oakland, Rev. Dr. George Emerson Barnes officiated.

Given in marriage by her stepfather, the bride was gown in white satin fashioned with an off-the-shoulder neckline, made with a yoke of inserted rose point lace trimmed with seed pearls, which was worn by her mother and grandmother, a long fitted bodice, full skirt and a long train. Her veil of illusion tulle was attached to a tiara of seed pearls and had clusters of lilies of the valley sprinkled over the veil. She carried a bouquet of gardenias and stephanotis.

Mrs. Walter N. Allen, Baltimore, twin sister of the bride, was her matron of honor. Bridesmaids were Miss Louise Hale Trumbull, another sister of the bride, and the Misses Ann Blakeslee Smith, Oakland, sister of the bridegroom; Jane Snyder Baker and Margaret Ann Snyder, of Alma, Neb.

Their two-piece gowns of aqua satin were made with fitted jackets and bustles. They were matching bouquets of styled nosegays of coral carnations and magnolia leaves.

Fulcher P. Smith, Oakland, was his son's best man. The ushers were Earl L. Zepp, William A. Gibbs, John P. Somerville, Harry L. Williams, Dr. Homer B. Russell and Lt. Harry A. Gerdes.

A reception at the Merion Tribute House followed the ceremony. Among those attending the wedding were Mrs. Thomas LeClear and Mr. and Mrs. John T. Fey of Cumberland and Mrs. Lillian Davis and her daughter, Miss Jane Davis, Oakland.

The bride, a daughter of the late (Continued on Page 3, Col. 6)

New \$20,000 Cafeteria, Auditorium Completed At Londonderry School

Dedication Program Planned Next Month

Construction of a new \$20,000 building housing a modern cafeteria and school auditorium has been completed at Londonderry Township Consolidated School, about a mile north of Hyndman, Pa., on Route 96, according to C. P. Gaster, president of the Londonderry Parent-Teacher Association.

Plans are being made to hold a dedication program, tentatively scheduled for November 20. The one-story concrete block structure, connected to the main two-story brick school building by a covered passageway, was built with funds raised by the P-T-A.

H. M. Carpenter, school principal, was chairman in charge of construction. Work has been completed except for installing lights and a stage curtain in the auditorium, which will seat from 400 to 450 persons.

Program In Operation

The cafeteria, said to be the best in Bedford County, has a seating capacity of 250 persons, but it is estimated that within an hour approximately 500 persons could be served.

A hot lunch program was opened September 30, and since that time daily lunches have been served to the 260 pupils enrolled in the eight elementary grades at the school. Cost of the lunches is 90 cents weekly, and the average number served daily is 210.

Gaster said the cafeteria provides the first school lunch program since the days of the Works Progress Administration about 12 years ago, when lunches were prepared in the school basement and served by teachers in the corridors for a brief experimental period.

L. G. Keller, superintendent of Hyndman schools, is considering a suggestion that pupils from the Hyndman Elementary and High Schools be brought by bus to the Londonderry School for lunch in the cafeteria each day, since those schools lack such facilities, Gaster said.

Certificates Issued

Construction of the new building began last April and the kitchen was designed by Bernard Glocker of a Pittsburgh supply firm. Approximately \$6,000 has been spent in preparing the kitchen for use, of which \$3,000 was furnished by the state. It is expected that an additional \$2,000 will be spent next year to obtain additional kitchen equipment. Other work was done by local contractors.

Mrs. Della Twigg, Hyndman, is head cook, assisted by Mrs. Harry Cook and Mrs. Robert Hendershot, both of Londonderry Township. Gaster explained that funds were raised through the sale of "shareholder's certificates," similar to a bond issue. He said \$12,000 has already been raised by that method and that the remaining \$8,000 has been pledged.

Those holding the certificates will meet annually to confer regarding money in the fund. Interest will be paid on the principal as additional funds are raised through public events held in the new auditorium.

Members of the P-T-A executive committee in charge of the building project include Gaster, president; Mrs. Thomas Cook and John Pfeiffer, vice presidents, and Mrs. John Topper.

Plans for the fall membership campaign of Woodmen of the World Camps in Western Maryland, which will be held in conjunction with a state and national campaign, were made at a banquet Saturday night at the WOW Hall, 144 Union Street.

Thirteen field representatives from this area attended the dinner, which was followed by a dance. The campaign, which will be held from October 15 to December 15, will take the form of a contest between Maryland and the Eastern Shore Camps.

The drive will be known as the "pioneers campaign" in honor of older WOW members, and prizes will be awarded to individuals securing the greatest number of new members. There are 32 camps in Maryland and over 8,000 throughout the country.

Cumberland Camp No. 6, which has 425 members, was represented by George C. Parker, head consul of the Jurisdiction of West Virginia, which includes Maryland, West Virginia, Delaware and the District of Columbia; S. S. Dowling, financial secretary of the local camp; J. C. German, Fred S. Goss, G. E. Sommerkamp and Frederick C. "Buck" Dreyer.

Cumberland has challenged the Hagerstown Camp to a contest during the campaign, with the loser in the membership effort to be host to the winner at a banquet.

Other field representatives were Carleton Humberston, Camp No. 45, Friendsville; Wilson J. Sweeney, Camp No. 4, Mt. Savage; Curtis Miller, consul commander, all of Camp No. 1, Hagerstown; and Spencer Graham, Oakland, state manager for Maryland, Delaware and the District of Columbia.

The miniature cars will get the checkered flag, signifying the start of the race at Frost Avenue, and will aim for Sylvan Avenue, which has been designated as the finishing line.

Holland Street will be closed to traffic during the racing events and Boy Scout will aid city police in patrolling the roped off sector to ensure a clear road for the drivers.

The test runs yesterday morning proved that the brick pavement hindered drivers from operating the vehicles and made them hard to handle.

Red Cross Instructor's Course Opens Today

A 15-hour Red Cross water safety instructor's training course will be held this week, beginning today, at Central YMCA pool in charge of Robert Earl, area representative for first aid, water safety and accident prevention, who is stationed at Red Cross eastern area headquarters in Alexandria, Va.

Eleven local residents qualified to take the course by completing 15 hours of preliminary instruction under the direction of James E. Kelley, Jr., chairman of water safety for Allegany County Chapter, American Red Cross.

Bowlinn Green Traffic Slowed, O'Hara Declares

First Sgt. W. E. O'Hara of the LaVale State Police told members of the Bowling Green Volunteer Fire Department that heavy patrolling and numerous arrests have "slowed down" the speed traffic in the Bowling Green section.

Approximately 35 members of the department have signed interest in taking a basic training course in fire-fighting, Charles E. Smith, president, reported at the meeting held in Circle Inn.

Two authorized instructors in the fire-fighting program, sponsored by the University of Maryland, are located in this area to teach the 25-week course whenever a class is formed.

Rotary Governor Is Coming Here

Charles R. Zook, District Governor, Lewistown, Pa., will be the speaker at the weekly meeting of the Cumberland Rotary Club tomorrow at 12:15 p. m. in Central YMCA when he pays an official visit to the local club.

Tuesday night at the Cumberland Country Club there will be a club assembly, consisting of officers, directors and committee members, with whom the District Governor will discuss accomplishments and plans for the future.

City Council To Consider Forming Food Committee

Co-operation Asked In Nationwide Drive

Mayor Thomas S. Post said last night he will ask the City Council this morning to consider the formation of a citizens' food committee in Cumberland, after receiving a two-page telegram from Charles Luckman, chairman of the national committee appointed by President Truman.

The mayor said he thinks "we should co-operate" with the national food-saving drive but explained that he wished to consult with other city officials before taking action in the matter.

Similar telegrams were dispatched to 1,000 mayors throughout the country, urging formation of food committees in cities with over 10,000 residents.

Luckman said in his message to Mayor Post that information would be available to help the local committee organize an effective campaign to back the voluntary food saving for Europe drive.

He suggested that the local committee, if it is organized, include representatives of churches, the Red Cross, schools, women's groups, labor, business, civic, veterans and fraternal organizations.

The Cumberland committee would be expected to work with local restaurant, bakery, brewery, milling and food processing industries in promoting meat-and-sausage campaigns, and to aid in achieving a nationwide saving of 100,000,000 bushels of additional grain for export to Western Europe.

Mayor Post said the telegram suggested that a proclamation be issued urging Cumberland residents to abstain from poultry and eggs on Thursdays, in connection with the campaign.

Luckman also asked that restaurants serve bread and butter only on request, and that local residents cut down on consumption of bread by one slice daily.

Two Persons Hurt In 4 Auto Mishaps

Two persons were injured, one a 4-year-old child, suffered a broken collar bone, in four accidents, investigated by West Virginia State Police over the weekend.

The boy, Richard Kauffman, son of Mr. and Mrs. Douglas Kauffman, Keyser, was injured yesterday morning, police said, when he ran from behind a parked truck into the path of a car driven by Floyd Payne, McClellan Highway.

The youth was treated in Keyser. Mrs. Mearlie Lucas, passenger in a sedan driven by Mary Ellen Huisk, Wisconsin, suffered minor injuries to her right leg when the car skidded against a guard rail near Knobley Mountain, yesterday morning. No charges were preferred against the driver, police said, adding that the injured woman received first aid treatment in Keyser.

A car driven by Roy Elton Flanagan, Cresapton, reportedly skidded against a guard rail near Allegany Front. Investigating officers said Mrs. Katie Chaney, Cresapton, was also a passenger in the car, but no one was injured.

A car driven by Roy A. O'Rear, Keyser, failed to negotiate a curve on Cut-Off road near Burlington and rolled over on its side, according to police. The driver escaped injury, police said, but damage to the car could not be determined.

Serves On Carrier

William T. Damm, seaman, first class, USN 217, Bedford Street, has been named the world in traditional "Navy fashion" while serving as a member of Attack Squadron 16-A aboard the Aircraft carrier USS Antietam.

On the current cruise the Antietam has visited Pearl Harbor; Sydney, Australia; Truk, Guam, Salpan, Manila, Yokosuka, and Tsingtao in China.

Returning War Dead Is Expected To Require More Than Three Years

It is estimated that three years will be required to complete the return of World War II dead to this country for reburial, Thomas F. Conlon, chairman of the Allegany County Reburial Committee, said last night.

Conlon explained he has a communication from the Maryland Veterans Committee, giving this information, in answer to numerous inquiries received by the committee, the War Department and the Quartermaster General.

The communication explains that only bodies in the Henri Chappelle Cemetery, Belgium, and in the cemetery at Hawaii have been removed, and only next of kin of those war dead have received questionnaires.

As arrangements are completed to disinter bodies in other military cemeteries throughout the world,

next of kin of those buried there will receive proper questionnaires. Since it is estimated that three years will be required to complete the task of removal and reburial, next of kin are urged to be patient, and as the time comes, each will be notified, according to the military cemetery authority.

When questionnaires are received, they should be returned as quickly as possible, and any changes in address or status of next of kin should be forwarded at once.

Conlon said that as additional information is received, it will be released through the local press. Flags throughout the city and nation were flown at half-mast yesterday, as the first ship load of World War II dead arrived in New York. The next shipment will arrive October 26 from Hawaii, and flags will again be at half-mast.

Drivers For Beer Firms Accept Once Rejected Contract

Agreement Provides 11 1-2 Cent Hourly Hike

The once rejected 11 1/2 cents hourly wage increase offer of 23 Cumberland area beer distributors was accepted yesterday, by their 75 drivers, who were asked to reconsider because of the possibility of a voluntary cut in beer production due to the grain shortage.

Fred A. Puderbaugh, attorney for the majority of the distributors, said he was advised last night by C. E. Stutzman, business agent for Local 453 Teamsters Union, AFL, that the 75 drivers had accepted the contract which guarantees \$120 per hour for drivers and \$110 per hour for helpers.

Contract Retroactive

The contract, which will be retroactive to September 1, because it did not insure an increase for a "few drivers" who already are earning more than the base rate.

Distributors, however, asked that the contract be reconsidered in view of the possibility that voluntary reduction of beer production may cripple the distributing business.

The contract, which will likely be signed this week, also calls for eight holidays with pay, and a two weeks vacation period for employees with three years of service. A week's vacation will be given one-year employees.

The contract, according to Puderbaugh, is a one year agreement, which contains no reopening clause due to wage or living conditions.

Negotiations for the new contract have been underway since shortly before the old agreement expired September 1. The present contract was offered to the membership October 2 with a recommendation of the negotiating committee that it be accepted, but was rejected by the drivers.

Stutzman explained that while the majority of men were satisfied with the terms, it was rejected because it did not give a wage boost to about eight men who work for firms already paying more than the minimum.

Provides \$53.20 Week Pay

The new rate based on a 48-hour week will give drivers \$53.20 a week. The union originally asked for a flat \$5 a week pay increase for all members of the union.

Puderbaugh said it is likely that the contract will be signed this week. He said work of drawing up the provisions as agreed to by the drivers will be completed immediately and copies will be given distributors.

The attorney explained that he represents only about 15 of the distributors, but union members expressed little doubt but that the remaining distributors would accept the contract's terms.

Trinity Methodist Has 'Homecoming'

Spiritual knowledge comes through habits of obedience rather than through a cultivated understanding, Rev. B. T. Price, pastor of the West End Methodist Church, Portsmouth, Va., said in a sermon delivered at Trinity Methodist Church on "homecoming day" yesterday morning as part of the 50th anniversary celebration of the church. It is doing the will of God and obeying the teachings of Christ that brings one to a knowledge of the truth, he added.

Obedience brings religious certainty which cannot be found in external authority, the minister asserted. Obedience brings spiritual wisdom and certainty of truth when self surrendered to the will of God.

There are those who feel that religious truth comes through the findings of science, however, man
